Dear Industry Professionals,

1. Please be informed that LTA has released the circular entitled Submission of Active Mobility Plans for Infrastructure Projects in Public Housing Estates.

2. With effect from 1 January 2018, Qualified Persons undertaking project work in public housing estates of the following Active Mobility (AM) projects are required to consult LTA with the relevant plans for assessment and compliance with the AM Act.

   a. All types of paths
   b. Covered linkways
   c. Barriers
   d. Signage

3. The Active Mobility Plan (AMP) submission should be submitted to LTA Active Mobility Unit (AMU) for consultation and approval, independent of whether a DC submission is required. For projects where a DC submission is required, the clearance letter from LTA-AMU will be needed for DC clearance. The AMP consists of the following plans:

   a. Location plans (reference location, alignment);
   b. Architectural plans;
   c. Plans illustrating proposed signs, marking and wayfinding;
   d. 1st storey plan(s) with dimensions and finishes; and
   e. Any other plans, diagrams and illustrations of the proposal as necessary.

4. For more information, please refer to our circular at https://https://www.corenet.gov.sg/general/e-info.aspx

5. Should you have any queries on the circular, please email us at LTA_AMU_Registry@lta.gov.sg

Best Regards,
Project Manager
