2-Day Workshop on **Practical Applications of WSH Legislations in Construction Projects through Case Studies**

Statutory legislations such as *Workplace Safety and Health Act (WSHA)* and its subsidiary legislations are not usually easily and fully understood in terms of their intent, meaning and implications by industry practitioners - who either do not have legal background or only possess minimum legal knowledge.

This practical workshop, through interactive learning activities and real-life case studies & court cases, will provide participants a clear understanding and appreciation of legal responsibilities of construction and safety personnel under the WSH Act and regulations.

**CPD Points**
- PEB: 14 PDUs
- WSH-CPD: Pending
- IES-ACES: 4 STU (Safety)

1-Day Workshop on

Preventing and Defending Loss and Expense Claims

Many on-going projects run the risk of going into disputes, claims, delay and disruption. “Loss and Expense” claim is one of the cost claims that are likely to be encountered by contracting parties of a construction project.

At the end of the workshop, participants would:
- be equipped with the necessary knowledge to manage Loss and Expense claims;
- be able to recognize the “do’s and don’ts” in the claiming process;
- acquire knowledge of legal and technical aspects of claims from experts

Half-day Workshop on **Contract Administration Essentials under FIDIC Conditions of Contract for Construction**

The FIDIC (Fédération Internationale des Ingénieurs-Conseils) publishes a suite of standard forms of contract which are generally recommended for international construction projects. Under the FIDIC Conditions of Contract for Construction for use in traditional build-only project delivery, the Employer appoints an Engineer to carry out the duties under the contract with the assistance of suitably qualified engineers and other professionals in strict compliance with an administrative protocol.

With opportunities abound for infrastructure and construction developments in the region, the workshop aims to equip those involved or about to be involved in international procurement and contracting with the knowledge and understanding of the contract administration essentials and key practice issues under the FIDIC standard form and to appreciate what is expected of them.
