National Building Qualification (NBQ) (Part-Time Study Mode)

- PROJECT SUPERVISION (PS)
- SUPERVISION & COORDINATION OF M&E WORKS (SCMEW)

NBQ is a three-tier certification system designed for site personnel or new entrants into the built environment industry. The NBQ certification provides an alternative pathway for persons with secondary school education to pursue a higher education in technical fields upon graduation. Two specialisations are available, namely, in Supervision & Coordination of M&E Works, and Project Supervision.

Revised syllabus.

1-Day Workshop on
Preparing and Defending Loss and Expense Claims

Many on-going projects run the risk of going into disputes, claims, delay and disruption. “Loss and Expense” claim is one of the cost claims that are likely to be encountered by contracting parties of a construction project.

At the end of the workshop, participants would:
- be equipped with the necessary knowledge to manage Loss and Expense claims;
- be able to recognize the “do’s and don’ts” in the claiming process;
- acquire knowledge of legal and technical aspects of claims from experts

3-Evening Course on

Application for Extension of Time - Factors for Success

In the construction industry, it is known that application for extension of time and claims for prolongation cost can be a contentious issue. Though standard conditions of contract like SIA and PSSCOC have provisions for extension of time, there are issues pertaining to the proper procedures for application of EOT, claims for loss and expenses or prolongation cost and documentation for evidence of delays and justifications that need to be addressed. This course is designed and structured to provide insights and depth into the factors that will affect the success of EOT application and the recovery of prolongation cost.
