BACHELOR OF CONSTRUCTION MANAGEMENT (BUILDING)(HONOURS) – Part Time Mode

Every construction project combines a variety of complex challenges. Managing a project requires a combination of technical understanding of construction processes and resource management, as well as managing their legal and financial aspects.

This Bachelor degree programme: (a) will equip you with the skills and knowledge to manage complexities in construction projects both in Singapore and across the world; and (b) is designed to be a problem-based learning pedagogy to train students to solve real world challenges, develop holistic understanding of construction project environment and portable life-long learning skills. An advanced standing articulation would be eligible for applicants with relevant diploma qualifications.

Venue: BCA Academy

3rd Intake : Starting in Mar 2016

Application Closing : 15 Feb 2016

½-day Course on

Best Practices for Green and Gracious Builder

BCA launched the Green and Gracious Builder Scheme (GGBS) in February 2009 to raise the environmental consciousness and professionalism of builders. It is also a benchmark of a builder's corporate social responsibility to the environment and the general public. To create GGBS awareness, BCA together with Singapore Contractors Association Limited (SCAL), launched a course on Best Practices for Green and Gracious Builder.

This half-day course consists of lecture conducted at BCA Academy followed by visit to a site by Green and Gracious Builders Award (GGBA) winner. It will serve as a platform to share the best green and gracious practices gathered from builders in the GGBS to assist participants in addressing environmental concerns and mitigating possible inconveniences to the public caused by construction works.

4-Evening Certification Course
For Site Investigation Supervisors

As part of the accreditation requirements for site investigation firms, site investigation supervisors of the firms are required to undergo a training course on site investigation.

This course will educate the site investigation supervisors on Singapore’s geological background, roles and responsibilities of the supervisors, various methods of soil sampling and field testing methods and good practices in investigation works. This course is jointly organised by BCA Academy and LTA Academy and supported by GeoSS. Upon successfully completing the course, participant can be registered as “Certified Site Investigation Supervisor” with GeoSS.

2-Day Workshop on **BMSMA for Building Management Personnel**

To meet the high expectations of home owners and residents, building management personnel need to be well equipped with the knowledge of the governing laws and related procedures for the management of estates. In addition, it is also important for them to acquire good interpersonal communication and people management skills to manage difficult and demanding clients in a positive way.

The course covers the essential procedures and laws related to estate management under the Building Maintenance & Strata Management Act (BMSMA); and provide an awareness and understanding of the crucial people management skills necessary for building management personnel.
