Convocation 2012

Issue 12 2012
The Meeting of Two Rivers: Mr Ong Tiong Tat and the Estate of C J Koh

The C J Koh Scholarship Fund

Established in 2007 with $30,000 from the Estate of Koh Choon Joo, a philanthropist and executor of Mr C J Koh, the fund was conceptualised for the purpose of academic research in the field of education. The fund provides postgraduate scholarships for students who show great potential in their academic work or who demonstrate great perseverance in their professional activities.

As executor of the "Estate of C J Koh," Mr Ong Tiong Tat, a senior partner of the law firm Tat & Tat, has already made a donation of $500,000 during the 1997-1998 academic year to the C J Koh Endowment Fund. In 2007, the fund was established with a donation from the late Madam Pradap Kow. Set up with the estate of Mr Ong, the fund will provide postgraduate scholarships for students who have demonstrated academic excellence.

The C J Koh Endowment Fund

The C J Koh Endowment Fund was established in 1997 with a donation of $300,000 from the late Madam Pradap Kow. The fund is used to provide educational scholarships to deserving international students. The fund was established with a donation from the late Madam Pradap Kow, who was a philanthropist and executor of Mr Ong. The fund provides postgraduate scholarships for students who have demonstrated academic excellence.

The Meeting of Two Rivers: Mr Ong Tiong Tat and the Estate of C J Koh

Knowledge building and sharing with The Meeting of Two Rivers: Series was launched by NIE’s Office of Education in 2011, under the Professorship, and supported continuously by the Estate of Mr Koh Choon Joo. The series is to inspire and fuel the development of teachers, and various educational funding for the estate of Mr Koh Choon Joo, a passion for education, Mr Ong Tiong Tat, and my enthusiasm towards the estate of the National Institute of Education (NIE).

The C J Koh Professorship

Established in 2007, the C J Koh Professorship at NTU has continuously supported the NTU C J Koh Collection in the Research Centre for Material Science and Technology. Mr Koh Choon Joo’s wish was to shape our collective future, and build a better world are what makes a great philanthropist.

The C J Koh Scholarship Fund

Established in 2007, the C J Koh Scholarship Fund at NTU is attached to the Division of Power and Energy. Its core research focus is given by the rise of energy consumption. The Fund also supports grants to be displayed dynamic capabilities to researchers, students and staff. With NTU’s academic research, mechanical engineering, and hope more promising students to continue their research on carbon nanotubes and other nanoscale materials. His group displayed dynamic capabilities to a great deal of collaboration with Nanotechnology, World Future Foundation Chairman Professor Amaratunga’s public lecture attracted an excited audience comprising faculty, researchers, students and staff. Towards A Sustainable Future.

Energy Sustainability Plausible With Nanotechnology

The韓琳 Knife, Professor Amaratunga in Singapore, is globally recognised for his work on the rise of energy consumption. The Fund also supports grants to be displayed dynamic capabilities to researchers, students and staff. **Bridging Borders, Merging Minds**

Thirty students from NTU’s School of Humanities, Arts and Social Sciences and Professor Caroline Freire will be participating in a new and unique learning experience—NTU’s International Summer School in China. This inaugural run of NTU’s five-week program this summer is the first of its kind, open to students from around the world.

The Jen Family Bursary, established in 2007 with a generous gift of $3 million by Mr Denis Jen, has been testament to NTU’s mission to create a new generation of global citizens. The Jen Family Bursary awards up to $5,000 for each student to embark on this journey to China. This year, the Jen Family Bursary was awarded to 62 students from NTU and other prestigious universities in China.

The Jen Family Bursary was made possible through the Jen Family Education Fund that was established in 2007 with a generous gift of $3 million by Mr Denis Jen. The bursaries of $5,000 each are awarded to NTU students in recognition of their academic excellence and potential to make contributions to society.

**Strengthening Family Ties**

I would like to pay tribute to an esteemed family, the Jen Family, for their support to NTU students through their generous donations over the years. The Jen Family’s commitment to NTU’s mission to create a new generation of global citizens is truly inspiring.

The start of each new term is a very special moment for me, as it marks the beginning of a new academic year. This year, I am particularly excited about NTU’s International Summer School in China, as it provides an opportunity for students to learn about Chinese culture, history, and society, and to experience the diversity and complexity of modern China.

The Jen Family’s generosity has made this program possible, and I am grateful for their support. As a result of their generosity, students from NTU and other prestigious universities in China will have the opportunity to embark on this journey to China and to gain a deeper understanding of Chinese culture and society.

I hope that the Jen Family’s gift will inspire others to make similar contributions to our university and to the global community. As a result of their generosity, we will be able to provide our students with a unique and valuable learning experience, and to help shape the next generation of global citizens.
