Eligible applicant can tap on SkillsFuture initiatives for BCA Academy courses (T&C apply)

- SkillsFuture Study Award – up to $5,000 for out-of-pocket expenses
- SkillsFuture Credit - $500
- Mid-Career Enhanced Subsidy – up to 90% of course fee

Applicant needs to register for the course and apply for the relevant SkillsFuture initiative accordingly.
5th Run: CMU-BCA Executive Development Program

LEADERSHIP IN ENVIRONMENTAL SUSTAINABILITY 2016

- Suitable for executives in leadership roles driving organisation towards higher level of environmental sustainability

FEATURED SPEAKER - Prof Stephen R. Kellert
Tweedt/Ordway Professor Emeritus of Social Ecology, School of Forestry & Environmental Studies, Yale University
Dr Kellert's work focuses on understanding the connection between nature and humanity with a particular interest in environmental conservation, and sustainable design and development.

9 – 13 MAY 2016
Program theme: Biophilic Design & Big Data Analytics
Conducted in Pittsburgh & San Francisco Bay Area, USA

Programme Fee (GST not applicable): S$5,500 / S$5,150*
*Applicable for 'Early-bird' registration before 4 April 2016, or Group of 3 or more (from same organisation), or BCA Academy Alumni Card Holder.
Note: Programme fee does not include cost of airfare and accommodation.

SAVE THE DATE! Registration will be open soon.
Certification Course for

Green Mark Professional (GMP) *(Revamped Content)*

The *Green Mark* scheme, which serves as a benchmark for evaluating environmental sustainability in buildings, has since become a leading green building rating system in the tropics and sub-tropics.

Over the years, the Singapore Green Building Masterplan has also evolved from focusing on new buildings in the 1st masterplan to existing buildings in the 2nd masterplan, and tenants and occupants in the 3rd masterplan.

To equip the industry professionals to adopt and embrace the *Green Mark* scheme in the design, development, management and maintenance of green buildings, certification courses on *Green Mark* are offered to building designers, project managers and facilities managers.

**GMP Batch 3: Starting from 17 Mar 2016**
**Application Closing Date: 10 Mar 2016**

**Venue: BCA Academy**

3-Year Part Time Diploma Programmes on

1) Construction Engineering (CE)
2) Electrical Engineering & Clean Energy (EECE)
3) Facilities Management (FM)
4) Geo-Spatial Information Technology (GSIT)

As part of the efforts to build up the capability and knowledge of the workforce to meet the diverse needs of the built environment, BCA Academy, the education and research arm of Building and Construction Authority (BCA), offers multi-discipline part-time Diploma programmes for working professionals to pursue its continuous upgrading.

Date: Starting on 18 Apr 2016 (Tentative)
Application Closing Date: 15 Mar 2016

Venue: BCA Academy

To register for:-
1) CE - [CLICK HERE!]
2) EECE - [CLICK HERE!]
3) FM - [CLICK HERE!]
4) GSIT - [CLICK HERE!]
2-Day Course on **Advanced Concrete Design using Eurocode 2**

Jointly organised by BCA Academy and Protective Technology Research Centre (PTRC) of Nanyang Technological University (NTU), this course covers the design of prestressed concrete structures, slender columns, strut and tie of concrete regions that do not conform to flexure, core walls, foundations, retaining walls, progressive collapse, as well as both prescriptive and performance-based design of fire resistance of concrete structures. In addition, the participants will be equipped with fundamental understanding of structural behaviours.

**CPD Points**
- PEB: 12 PDUs
- IES-ACES (for REs/RTOs): 12 STUs

**6th Run Date:** 18 & 21 Mar 2016  
**Venue:** BCA Academy

Programme series on Building Control requirements and processes - for new entrants to the building industry

As part of the efforts to familiarise the industry practitioners, especially the architectural and C&S engineering new entrants into the industry, a series of programmes on Building Control Act and Regulations have been launched. Through these courses, the participants will have a good understanding on the requirements involved in the planning, design, construction and implementation of a building development, which will facilitate smooth and efficient submission processes.

(A) 1.5-day Course on Building Control System in Singapore and Understanding Building Control Regulations, Codes & Guidelines – Non-Structural Building Works

- CPD Points: Pending
- BOA-SIA: Pending
- IES-ACES: 3 STUs

- 3rd Run Date: 22 & 23 Mar 2016
- Venue: BCA Academy

To register, CLICK HERE!
(B) 1-day Course on Application for Temporary Occupation Permit/Certificate of Statutory Completion

CPD Points
PEB: Pending
BOA-SIA: Pending
IES-ACES: 6 STUs

• 3rd Run Date: 13 Apr 2016
• Venue: BCA Academy

1/2-day **BCA-REDAS Quality and Productivity Seminar 2016**

With the rising quality and tightening of manpower supply, the adoption of good construction methods and technologies for improved quality and productivity is of paramount importance for the built environment industry. Jointly organised by BCA and REDAS, this annual seminar aims to showcase construction materials, methods and technologies that lead to high quality and productivity. Good Industry Practices Guide Book on Engineered Wood Flooring and the PPVC Manufacturer Accreditation Scheme will also be launched during the Seminar.

**CPD Points**
- PEB: Pending
- BOA-SIA: Pending
- IES-ACES: Pending

**Date:** 29 Mar 2016 (am)
**Venue:** BCA Academy
