Dear all,

The National Environment Agency (NEA) and the Singapore Contactors Association (SCAL) will be organising a “Quieter Construction Seminar” on **11 Mar 2019, 9am to 12pm, at the Environment Building, MEWR Hall**. The seminar will focus on the sharing of knowledge on mitigating construction noise through adoption of quieter construction equipment and innovative methods.

2. NEA will be introducing the new Quieter Construction Innovation Fund (QCIF) to replace the existing Quieter Construction Fund (QCF), which will expire on 31 Mar 2019. QCIF is an incentive scheme for contractors and suppliers to invest in quieter construction equipment and methods, especially those carried out during the piling and demolition stage. Application for the QCIF will open on 1 Apr 2019 and disbursement of the fund will end on 31 Mar 2021. In addition, the industry will also be sharing on how the implementation of quieter construction equipment and good practices have helped them better manage construction noise and minimise dis-amenity to the public.

3. We would like to invite you to join us at the seminar. To confirm your attendance, please complete the registration form at [https://goo.gl/forms/dPoy6TDxrhZmCkIG2](https://goo.gl/forms/dPoy6TDxrhZmCkIG2) or via the QR code below. We will be providing more information on the seminar in the coming week. Thank you.
