NUS ENGINEERING LECTURE SERIES
CELEBRATING PEAKS OF EXCELLENCE & THOUGHT LEADERSHIP

The Faculty of Engineering is hosting a series of lectures celebrating the Faculty’s achievements and thought leadership. Delivered by eminent professors in the Faculty, the NUS Engineering Lecture Series will highlight impactful engineering developments which affect the way we live.

We are pleased to announce our 6th lecture titled “The Next Reality + The Nth Sense”. The lecture will be delivered by Professor Andrew Nee from the Department of Mechanical Engineering.

The lecture details are as follows:
Date: Monday, 14 April 2014
Time: 7:00 pm
Venue: Engineering Auditorium, Blk EA, Faculty of Engineering

More information on the lecture and speaker can be found at [http://www.eng.nus.edu.sg/ELS/upcoming_speakers.html](http://www.eng.nus.edu.sg/ELS/upcoming_speakers.html). If you are interested to attend, you may register online at [https://esurvey.nus.edu.sg/efm/se.ashx?s=1CC7023E6D4B9A40](https://esurvey.nus.edu.sg/efm/se.ashx?s=1CC7023E6D4B9A40).

This lecture qualifies for 1 PDU by the PEB. All participants are welcome to the reception starting at 6pm.

This lecture is generously supported by:
*Main sponsor:* ABB Pte Ltd
*Sponsors:* MMI Holdings Limited; SIA Engineering Company Limited; World Scientific Publishing Company; Dr Thomas Choong, Angel Investor and Coach, Waylion Advisory & Consulting Pte Ltd.

Please share this information to all staff who may be interested to attend. For any queries on the lecture, please call Deborah at Tel No: 6516-1052. Admission is free.

Thank you.

Professor Chua Soo Jin
Chair, NUS Engineering Lecture Series
