Proactive Facility Management:

ANTICIPATE
PARTICIPATE
INNOVATE

3-5 AUGUST 2015
MARINA BAY SANDS,
SINGAPORE

WORLD WORKPLACE ASIA 2015
Conference & Exhibition

The issue of environmental sustainability continues to remain as one of the top priorities for each organisation around the world. The role of facility management (FM) is becoming increasingly important and gaining worldwide momentum in the formulation and execution of key FM strategies to create a better and more liveable environment for its stakeholders.
