Course Fee Revision in 2017

- Course fees will be revised from 20 April 2017.
- To register your training placement at existing course fee, please complete the application and payment before 18 April 2017 (T&C apply).

Eligible applicant can tap on SkillsFuture initiatives for BCA Academy courses (T&C apply)

- SkillsFuture Study Award – up to $5,000 for out-of-pocket expenses
- SkillsFuture Credit - $500
- Mid-Career Enhanced Subsidy – up to 90% of course fee

Applicant needs to register for the course and apply for the relevant SkillsFuture initiative accordingly. Visit www.bcaa.edu.sg – “QUICK LINKS” – “SkillsFuture Programmes” for more details.
BIM Symposium on

Advanced Computational Design

Computational Design or also known as Parametric Design approach enables the industry professionals to explore wider range of design options and iterate complex solution seamlessly. The design approach also makes the creation of complex geometry possible and accurate.

The half day BIM Symposium on Advanced Computational Design will focus on the sharing of the development, strategies and case study from the local and international distinguished speakers, so as to create awareness and encourage the adoption of it to improve the productivity.

**CPD Points**
PEB: 2 PDUs
BOA-SIA: 4 CPD Points

**Date:** 3 Apr 2017 (am)

BCA-REDAS QUALITY AND PRODUCTIVITY SEMINAR 2017

With the raising quality expectations and tightening of manpower supply, there is a need to continuously improve the overall quality and productivity within the built environment sector.

Jointly organised by BCA and REDAS, this annual event aims to showcase the latest construction materials and technologies. Speakers will also share their experience and best practices adopted in achieving higher construction quality and productivity.

Good Industry Practices Guide on Agglomerated Stone Tiling will also be launched during the seminar.

Certification Course for

Green Mark Facilities Professional (GMFP)

The Green Mark scheme, which serves as a benchmark for evaluating environmental sustainability in buildings, has since become a leading green building rating system in the tropics and sub-tropics.

Over the years, the Singapore Green Building Masterplan has also evolved from focusing on new buildings in the 1st masterplan to existing buildings in the 2nd masterplan, and tenants and occupants in the 3rd masterplan.

To equip the industry professionals to adopt and embrace the Green Mark scheme in the design, development, management and maintenance of green buildings, certification courses on Green Mark are offered to building designers, project managers and facilities managers.

GMFP Batch 4: Starting from 8 Jun 2017
Application Closing Date: 26 May 2017

Venue: BCA Academy

4-evening Course on

**Geotechnical Instrumentation for Engineers**

Geotechnical instrumentation plays an important role in the design verification and safety monitoring of geotechnical works. Being a specialised area, engineers and QPs need to be more familiar with instrumentation used for deep excavation, their installation monitoring and interpretation to ensure safety of excavation works and adjacent structures.

3-day Course on **Management of Water and Environmental Services for Estate Managers**  
(*Partnership with PUB and SEI*)

Property and facilities management is a growing industry in Singapore. With the increasing number of strata residential developments in Singapore and rising expectations from the home occupiers for proper maintenance of the estate, it is essential to equip the estate managers in effective management of their facilities and premises, in particular to the water supply, sanitary, drainage systems and environmental control.

The course aims to provide an overview of the relevant local authorities' regulatory requirements and guidelines. It will highlight the good management and maintenance practices for water, drainage and sewerage services, wet facilities and waste collection system. Water Efficiency Measures will also be covered.

2-day Course on

**Good Governance for Management Corporation (with Enhancement)**

With the increasing sophistication of property owners and their rising expectation for good governance in managing strata-titled developments, Management Council members are expected to be well-equipped with the knowledge of regulatory framework and its related accounting and auditing requirements under the Building Maintenance and Strata Management Act (BMSMA).

At the end of the course, participants will gain insights into the regulatory framework, roles and responsibilities of the stakeholders in strata developments, procedures in conducting general and council meetings of the Management Corporation, by-laws of Management Corporation and the accounting & auditing requirements that govern the managing of strata property developments. A module on handling disputes is also included.

*4th Run Date: 19 & 20 Apr 2017*

*Venue: BCA Academy*

2-Day Workshop on **Practical Applications of WSH Legislations in Construction Projects through Case Studies**

Statutory legislations such as *Workplace Safety and Health Act (WSHA)* and its subsidiary legislations are not usually easily and fully understood in terms of their intent, meaning and implications by industry practitioners - who either do not have legal background or only possess minimum legal knowledge.

This practical workshop, through interactive learning activities and real-life case studies & court cases, will provide participants a clear understanding and appreciation of legal responsibilities of construction and safety personnel under the WSH Act and regulations.

**CPD Points**
- PEB: Pending
- WSH-CPD: 14 SDUs
- IES-ACES: Pending (Safety)
