5-months Part-time Course on

Specialist Diploma in Construction Productivity

This programme covers the latest trends and emerging game-changing technologies such as Building Information Modelling (BIM), Virtual Design & Construction (VDC), Pre-fabricated Bathroom Unit (PBU), Pre-fabricated and Prefinished Volumetric Construction (PPVC), and Cross Laminated Timber (CLT).

It aims to hone the skills and enhance the knowledge of built environment professionals using more focused intensive learning methods so as to accelerate the development of a higher professional competency in construction productivity.

Effective from 1 Jan 2016, all A1 to B1 contractors are required to have at least one full-time employed Registrable Professional/Professional/Technical personnel (R/P/T) to have either completed or registered to attend this course in their next BCA Contractors Registration System (CRS) renewal.

3rd Run Date: Starting on 7 Jul 2015
(Application close: 22 May 2015)

Venue: BCA Academy

2-day Workshop on
Managing Project Teams Effectively

This workshop aims to equip participants with practical solutions to effectively manage people by considering (1) what makes people difficult, (2) how we could communicate effectively and manage people’s expectations, and (3) strategies for dealing with difficult people and situations.

Through interactive activities, role play and case studies, participants will learn how to apply the provided tools coupled with their interpersonal skills to deal with all types of work behaviour problems.

**CPD Points**
PEB: 12 PDUs
BOA-SIA: 4 CPD Points

10th Run Date: 25 & 26 May 2015
Venue: BCA Academy

2-Day Course on BMSMA for Building Management Personnel

Property and facilities management is a growing industry in Singapore. To meet the high expectations of home owners and residents, building management personnel need to be well equipped with the knowledge of the governing laws and related procedures for the management of estates. In addition, it is also important for them to acquire good interpersonal communication and people management skills to manage difficult and demanding clients in a positive way.

The course covers the essential procedures and laws related to estate management under the Building Maintenance & Strata Management Act (BMSMA). It also provides an awareness and understanding of the crucial people management skills necessary for building management personnel.

CPD Points
PEB: 14 PDUs

12th Run Date: 27 & 28 May 2015

2-day Workshop on
Protection against Lightning for Buildings

Singapore experiences the highest incidence of lightning strikes in the world. These lightning strikes have caused major disruptions to main systems equipment and considerable damage to building structures.

This 2-day workshop will provide participants with an understanding of the effects of lightning and various lightning protection methods for building structures. It will also cover various analytical methods for the performance assessment of lightning protection systems. The new Singapore Lightning Protection Code SS 555:2010 which is mandatory for building structures in Singapore will be discussed.

**CPD Points**
PEB: 14 PDUs

**10th Run Date: 15 & 16 Jun 2015**
Venue: BCA Academy

2-Day Course on
Design of Steel-Concrete Composite Buildings using Eurocode 4

Eurocode 4 is the new standard for design of composite structures. It covers many forms of composite structural design and provides the most comprehensive and up to date set of design guidance currently available. This course aims to provide civil and structural engineers an introduction to the Eurocode provisions for the design of steel-concrete composite building structures.

CPD Points
PEB: 14 PDUs
IES-ACES (for REs/RTOs) – 12 STUs

5th Run Date: 22 & 23 Jun 2015
Venue: BCA Academy
