BCAA-IFMA FM CONFERENCE 2014
Solutions for Success in Planning, Commissioning and Operating Facilities for Future-Ready Built Environment

This FM conference, to be held from 28 to 30 May 2014, comprises a ½-day Green Facility Tour; a 1-day seminar and a 1-day workshop on commissioning.

The conference offers an excellent line-up for the seminar and the speakers will share insights on how effective FM could bring about improvement in not just the performance of the building and its facilities, but also the business performance of an organisation.

Day 1: 28 May 2014, 1.00pm – 6.15pm
   • GREEN FACILITY SITE TOUR (Limited seats available)

Day 2: 29 May 2014, 9.00am – 5.30pm
   • SEMINAR

Day 3: 30 May 2014, 9.00am – 6.00pm
   • WORKSHOP

BCA-NUS-TONGJI UNIVERSITY
ADVANCED MANAGEMENT PROGRAMME 2014
Excellence in Construction Management

- Conducted in Singapore & Shanghai
- Conducted in Mandarin (Shanghai segment)
- Site visits to established megaprojects in Singapore and China

The BCA-NUS-TONGJI University Advanced Management Programme is a specially tailored programme at the leadership level, focusing on excellence in construction management.

A structured blend of academic lecture sessions and experiential learning journeys allows the participants to gain practical insights on best practices and construction management strategies for local and overseas mega/complex projects, especially in China.
