Dear ACES Members

5th Structural Engineers World Congress (SEWC) 2015

The 5th Structural Engineers World Congress 2015 (SEWC 2015) is organised by Association of Consulting Engineers Singapore (ACES) and Prestressed and Precast Concrete Society (PPCS).

It will be held at the Raffles City Convention Centre from 19-22 October 2015.

Held every four years, the Congress aims to:

- Cover major aspects pertaining to technical and professional practice issues
- Highlight the profession’s interface with society
- Focus on the needs and contemporary issues of the structural engineering profession worldwide
- Reiterate the impact of the structural engineering profession on society

SEWC 2015 presents excellent opportunities for professionals to interact with each other and to learn more about what is happening in the World of Structural Engineering.

Conference Entitlements
- Access to 3 days of Congress (20 to 22 October 2015)
- Coffee breaks and 1 lunch per day during the Congress (not included for student registrations)
- Welcome Reception on 19 October 2015
- Conference Banquet on 22 October 2015 (not included for student registrations)
