BCA Certified Green Mark Professional (GMP) Programme – 2012

The Certified Green Mark Professional programme is a training and recognition scheme introduced by BCA to raise industry capability in the niche area of Sustainable Design and Development.

The GMP course is offered as a series of short modules focused on design concept, practical green solutions and technologies, and the use of building simulation tools to predict building performance. To pass the course, participants need to complete 6 core modules and 3 elective modules. The next intake of GMP programme is scheduled to commence in July 2012.

Date: Jul ~ Dec 2012

Registration Closing Date extended to 6 July 2012

50% Course Fee Subsidy is Available
4-Evening Course for **Site Investigation for Engineers**

This course will provide practicing engineers a good insight into the importance of geotechnical site investigation and its process. Participants will also learn to interpret soil investigation reports to ensure safety of geotechnical works and surrounding structures.

**Accreditation**

PEB: Pending
IES & ACES: 12 STUs

**Date:** 23, 24, 30 & 31 Jul 2012

---

2 – ½ Day Course on **Essential Knowledge in Local Regulations and Construction Practices**

This course will provide site supervisors essential knowledge in the areas of regulatory requirements, safety regulations, environmental management at construction sites, code requirements on construction practices and site supervision. With recent amendments in the Building Control Regulations to recognise graduates from more foreign universities as REs and RTOs for local projects, this course will be useful to engineers with foreign qualifications, and others who wish to be updated on local construction practices.

**Accreditation**

PEB: Pending
WSH-CPD *(for WSH officers)*: 18 SDUs
IES-ACES *(for REs & RTOs)*: Pending

**Date:** 23, 24 & 25 Jul 2012

1-day Seminar on **Green and Gracious Construction Practices Seminar 2012**

The *Green and Gracious Builder Scheme* aims to raise the environmental consciousness and professionalism of builders. It is also a benchmark of a builder’s corporate social responsibility to the environment and public. Together with the BCA Green Mark Scheme, this scheme forms part of the holistic framework to shape a sustainable built environment for Singapore.

The Green and Gracious Construction Practices seminar provides a platform for government agencies and Green and Gracious Builder Award winners to share their best practices. This would assist builders to address environmental concerns and mitigate inconveniences to the public caused by construction works.

**Accreditation**

PEB: Pending  
BOA-SIA: Pending
