CUGE-SEM-8014
Greenery Regulations and Policies for Developments in Singapore
25 June 2015

INTRODUCTION
As Singapore continues to urbanize, it is important to weave greenery into development through safeguarding of greenery provisions, conserving of trees, and planting within development site. In this seminar, participants will be able to learn more about the key requirements relating to tree conservation and greenery provisions. Submission requirements for DC, BP, CSC and LTA road prompt will also be covered.

COURSE OBJECTIVES

- Understand the regulations on greenery provision and tree conservation
- Learn the different tree conservation measures and design consideration for tree conservation
- Understand requirements from NParks for DC, BP, CSC and self-declaration submissions through CORENET
- Understand requirement for LTA Road Prompt Application
- Understand the expectations for an arborist report submitted for development works

COURSE CONTENT
The program will cover the following topics:

1. Tree Conservation Areas and Heritage Road regulations
2. Tree conservation requirements within development sites and along roadsides in Singapore
3. Design considerations and measures for tree conservation
4. Greenery provision requirements, including green buffer, peripheral and carpark planting provisions within development sites
5. Greenery provision requirements within roadside
6. Submission requirements for Qualified Person and expectations of arborist reports at DC and BP stage
7. Site and submission requirements for CSC clearance
8. Submission through LTA Road Prompt

METHODOLOGY
Lecture-style

WHO SHOULD ATTEND
- Qualified person
- Architects
- Developers
- Engineers
- Landscape architects
- Arborists
