1. Introduction

FIDIC Awards are presented every year for projects that help world economies and communities to develop a higher Quality of Life.

The programme below outlines the aims of the FIDIC Awards, the nominations being sought, how they will be judged, and the outline programme for submission of nominations and judging of the projects.

2. Aims of the Awards

The FIDIC Awards will:

- promote FIDIC principles: Quality, Integrity and Sustainability
- celebrate outstanding projects where FIDIC member firms have had a major involvement
- help publicise the work of consulting engineering firms and the contribution they make to quality of life
- encourage others to understand and support FIDIC principles
- encourage the use of FIDIC contracts and guidelines

The Awards will support the aims of the Federation which are to promote the use of international FIDIC best practices and resources.

The FIDIC Awards will be presented at the Gala Dinner during the FIDIC International Infrastructure Conference in Berlin, Germany, on Monday 10 September 2018. More information is available at www.fidic2018.org

3. Award Nominations

Award nominations are open to firms that have provided the main consulting engineering services on projects of all types and all sizes.

Submissions should come from firms or groups of firms that belong to FIDIC Member Associations & Associates, or Affiliates. All submissions should be endorsed by FIDIC Member Associations or Associates based in the country where the project is located or where the firm is based.

Award nominations should demonstrate:

- innovation, quality, and professional excellence
- the principles of transparency and integrity. FIMS or other Integrity Management Systems will be considered
- sustainability and respect for the environment
Projects should have been in operation for at least 1 year on the closing date for submissions and should have been completed in the last 5 years. A maximum of 20 entries will be accepted from each country. If more than 20 entries are received from one country, priority will be given to those endorsed by the corresponding FIDIC MA over the ones presented by Associate Members, which in turn will have priority over those presented by Affiliates.

4. Award Prizes

The headline categories for the awards will be:

- FIDIC Outstanding Project of the Year
- FIDIC Award of Merit

The total number of prizes to be awarded will be at the judges’ discretion.

5. Judges

The judging team is comprised of the FIDIC Past Presidents, convened by the Immediate Past President. The judges will convene and rank the projects. All projects that are judged to be of particular merit will receive a FIDIC Award.
