BIM Competition
19 full time students from School of Building and Development participated in the BIM Competition 2012 held from 8 to 10 May 2012. The competition was held in conjunction with Singapore Construction Productivity Week 2012.

Skills Competition

**Skilled Builders Competition:** 24 companies, 60 teams, 148 participants
**BIM Competition:** 44 teams, 330 participants
**Build Smart Conference:** 22 speakers, 800 participants
**BuildTechAsia:** 69 exhibitors, 4,300 visitors
**Autodesk BIM Workshop:** 160 participants

On 24th May 2012, about 70 people attended the public lecture delivered by Dr Chen Qingyan on "Designing Healthy, Safe and Energy-efficient Buildings with CFD" at BCA Academy. The event was jointly organised by BCA Academy and A-STAR’s Institute of High Performance Computing (IHPC).
BCA-IOSH Conference and Launch of WSH Gallery

The inaugural BCAA-IOSH (Singapore) International Conference on Workplace Safety and Health for the Construction Industry attracted more than 280 construction industry personnel comprising engineers, contractors, WSH professionals, officers from government agencies and overseas delegates from Indonesia, Brunei, Malaysia and Australia.

Certification Course for Construction Productivity Managers

For the construction industry to reach its full productivity potential, there must be an effective management of people, projects and construction sites. In 2011, the Certificate in Construction Productivity Management (CCPM) was launched to groom a pool of construction professionals to lead key productivity initiatives within the industry. CCPM is a collaboration between the BCA Academy and the Singapore Contractors Association Limited (SCAL).

4th run of the Tianjin Eco-city Training Programme

A delegation of 34 officials and professionals from the Sino-Singapore Tianjin Eco-City attended the Green Building Executive Development Programme (EDP) at BCA Academy from 14th to 18th May 2012. This was the 4th intake of the Green Building EDP since its launch in June 2010. The green building EDP is a programme jointly organised by BCA Academy and Tianjin Institute of Urban Construction (TIUC).
