1-Day Workshop on

PREFABRICATING OUR FUTURE – PBU

6 August 2014  •  9.00am to 6.00pm  •  Function Hall, BCA Academy

Prefabricated Bathroom Units (PBUs) have been widely used in the world, especially in the western homes, hostels and hotels for many years. In Singapore, both the HDB and private developers have also explored the possibility of using PBUs. As feedback from industry and homeowners are very encouraging, PBU is to become the new approach to public and private housing. Furthermore, from September of 2014 onwards, developers will be required to use PBUs for all non-landed residential government land sales (GLS) sites. BCA, as the government agency leading the productivity drive in the construction sector, has identified PBU is one of the game-changing technologies as the impetus to improve high impact to construction productivity in Singapore and the region.

CONFERENCE TOPICS & SPEAKERS

1. PERFORMANCE REQUIREMENT FOR PBUS IN GLS SITES
   Er Rose Nguan, Director in Construction Productivity Centre, Building and Construction Authority

2. PBU ACCREDITATION SCHEME
   Mr Ramamoorthy Rajendran, Deputy Director in Construction Productivity Centre, Building and Construction Authority

3. QUALITY ASSURANCE AND CONTROL IN PRODUCTION OF PBU
   Mr Ng Kam Leong, Senior Manager in Quality & Certification Department, Building and Construction Authority

4. DESIGN CONSIDERATIONS OF PBU IN RESIDENTIAL PROJECTS
   Mr Low Tian Hin, Senior Principal Architect in ADDP Architects LLP

5. PBU PRODUCTS PRESENTED BY INVITED ESTABLISHED LOCAL & OVERSEAS PBU SUPPLIERS

LIGHT WEIGHT CONCRETE AND DRY WALL PBUs
   Bathsystem S.p.A. Italy

ECC-CRETE POD PBUs
   Sembcorp EOSM Pte Ltd

VOLUMETRIC CONCRETE PBUs
   Excel Precast Pte Ltd

LIGHTWEIGHT CONCRETE PBUs
   SEF Construction Pte Ltd

VOLUMETRIC CONCRETE PBUs
   Sunway Concrete Product (S) Pte Ltd

OTHER ESTABLISHED PBUs SUPPLIERS

BCA - SPM JOINT SEMINAR 2014
PRODUCTIVITY IN PROJECT DELIVERY
The Project Manager’s Role
23 July 2014  •  9am - 5pm  •  Concorde Hotel

TOPICS AND SPEAKERS

Keynote Presentation:
STATE OF OUR CONSTRUCTION INDUSTRY:
THE CHALLENGE TO THE PROJECT MANAGER
MR LOW TIEN SIO, Deputy Chief Executive Officer, Sentosa Development Corporation

REDEFINING PRODUCTIVITY: A HOLISTIC APPROACH TO PROJECT DEVELOPMENT
MR LUDWIG REICHHOLD, Managing Director, Dragages Singapore Pte Ltd

PROJECTS & MANAGEMENT - RAISING THE BAR
MR PAUL CHAIN SHAU WOO, Chief Executive Officer, Development & Facilities Management, Nanyang Technological University

DISPUTE AVOIDANCE AND RESOLUTION
MR PAUL TEO, Partner, Hogan Lovells Lee & Lee

LEVERAGING ON INNOVATION IN PROJECT DELIVERY
MR EUGENE SEAH, Group Managing Director, Langdon & Seah Singapore Pte Ltd

TOUR OF SINGAPORE SPORTS HUB
Get the privilege and be among the first to experience a guided tour of the various venues in the brand new Singapore Sports Hub - Asia’s most inspiring destination for sports and entertainment. Tour will include state-of-the-art sports stadium, aquatic centre as well as back-of-house facilities. (Register early. Tour places limited to first 150 registered participants.)

Productivity improvements have been a major and continual concern for professionals and practitioners, including Project Managers, in the delivery of construction projects. While the use of innovations, technologies and systems have improved productivity, these are mainly focused on the downstream stages (i.e. building/construction and installation) of projects. The upstream management and initiatives by the Project Manager are equally critical in reaping productivity gains. This Seminar aims to move the spotlight upstream to focus more on design development and management of stages prior to construction, and how project management and the role of the Project Manager can contribute to higher productivity in the whole project delivery process.
