Dear Members,

**Proposed Study Trip to Netherlands and Germany on Lifts and Escalators (Organised by BCA)**

We would like to invite you to join us on a study trip to Netherlands and Germany to learn out more on how Europe regulates the design, installation and maintenance of lifts and escalators. The details are still being worked out with our overseas counterparts. They include Notified Bodies like Liftinstituut and TUV-SUD, lift manufacturer and regulators. If feasible we would also be visiting a mechanised car parking system manufacturer.

The study trip scheduled for 11th Aug 2014 to 15th Aug 2014 will be led by BCA’s Senior Management. We are working with PE Board on PDU points. If you are interested, please let us know so that we can provide updates as and when the details are confirmed. To help us with logistic arrangement, we would appreciate it if you could indicate your interest by 7th July 2014.

Thank you and we look forward to their participation.
