Conserve Built Heritage

Jalan Besar, then and now
Admire the old-world charm of Jalan Besar as you explore the neighbourhood through the eyes of photographer Stanley Chee, who lived there in his childhood days. Check out his shots next to old photos of the neighbourhood, to see how it has retained its distinctive characteristics through the decades.

The story of Christ Church
Delve into the history of the Christ Church, which we recently conserved. Find out more about the first church built for the Tamil congregation of the Anglican Church in the early 1940s.

Shape a Distinctive City

Kranji: A new recreational hub
We have exciting plans for Kranji – if you're looking to get closer to nature, the Singapore Racecourse will soon be rejuvenated to turn it into a lifestyle destination for all to enjoy! From there, you will also be able to easily explore Kranji Marshes and Sungei Buloh Wetland Reserve.

Find out about our plans for Kranji

The rise of green neighbourhoods
Learn about ongoing efforts to better integrate nature into neighbourhoods, as we plan for a city with plenty of well-designed green and blue spaces. We also share some principles guiding the design of neighbourhood landscapes.

Enliven Public Spaces

Build connections in shopping malls

Got an idea that encourages social interaction in public spaces within shopping malls? Share it with us, and shortlisted ideas will be tested in participating malls in the city and residential estates, as part of this year’s URA-REDAS Spark Challenge. Ideas submission is open till 27 May 2019.

Submit your ideas and stand to win $10,000
