1-Day Course on **Good Governance for Management Corporation**

The increasing sophistication of property owners and their rising expectation for good governance in managing strata-titled developments could pose a daunting challenge to the management councils. It is important that members of the management councils of such developments are well-equipped with the knowledge of the regulatory framework and the related accounting and auditing requirements under the provisions of the *Building Maintenance and Strata Management Act (BMSMA)*.

**CPD Points**  
PEB: 6 PDUs

2-Day Course on BIM Planning (Building Developers and Facility Managers)

Building Information Modelling (BIM) allows the building professionals of various disciplines to explore the building project digitally, before it is built. BIM can help to bring about greater integration and collaboration among the developers, designers, builders and fabricators across the construction value chain.

*Starting with architectural BIM e-submissions in 2013, BCA will mandate electronic submissions in BIM format for architectural, structural and M&E plans of building works for regulatory approval by 2015.* This 2-Day BIM Planning Course is designed to address BIM uses and approaches for building developers and facility managers.

Half-day Course on

**Best Practices for Green and Gracious Builder**

This half-day course consists of lecture conducted at BCA Academy followed by visit to a site by Green and Gracious Builders Award (GGBA) winner. It will serve as a platform to share the best green and gracious practices gathered from builders in the *Green and Gracious Builder Scheme* (GGBS) to assist participants in addressing environmental concerns and mitigating possible inconveniences to the public caused by construction works.
