Organised by the Building and Construction Authority of Singapore (BCA), International Green Building Conference 2014 will be held on 1 - 3 September 2014. Meet more than 1,000 participants from over 30 countries and create rich opportunities!

**CONFERENCE HIGHLIGHTS**

**Leadership Plenary Session (Day 1 - 1 Sep)**

**Sustainability Leadership - Setting the Vision for Sustainability**

Be inspired by leaders on their vision to address and influence the changing character of corporate structures and community aspirations.

- Stephen Selkowitz, a R&D leader in green building, receiver of ENR's 2014 Award of Excellence and winner of The Berkeley Lab Prize – Lifetime Achievement Award for Societal Impact, will share his vision to make the world a greener place through his research, development, and deployment of various building efficient technologies.

- (Invited) Professor Bertil Anderson, President of Nanyang Technological University (NTU) will share the motivations and insights on why and how NTU plans to be one of the greenest campus in the world.

**IGBC Spotlight Session (Day 2 – 2 Sep)**

**Addressing the Green Community; Where Design, Technology and Business Converge**

Nary a visitor is left unsmitten by the garden artistry displayed by Andrew Grant, creator of award winning project, Gardens by the Bay (Singapore). The master planner and green advocate will share why city planning and design needs to connect more with the life force of nature.

Pritzker Prize Winner 2014 (Invited) Shigeru Ban, Japanese architect, is well-known for combining Western and Eastern building forms and methods. Find out more about his award winning concept ‘paper architecture’ at the session.

- Green advocate, Andrew Grant, (Grant Associates) designed Singapore’s very own Gardens by the Bay which has won multiple international design awards including the Building Project of the year at the 2012 World Architecture Festival.

- (Invited) Shigeru Ban (Pritzker Prize Winner) will share his motivation in using paper as building materials.
On 3 Sep 2014, the Guest of Honor for this exclusive event is Mr Lee Yi Shyan, Senior Minister of State for Ministry of National Development and Ministry of Trade and Industry. Joining him are over 200 C-suites of CEOs and senior management comprising developers, building owners, valuers, building tenants etc. who will be effecting change through sustainable energy consumption behaviour and practices.
