Dear Sir/Madam

CONSTRUCTION SAFETY PROMOTION CAMPAIGN

With the recent spate of fatalities in the construction industry, the Singapore Contractors Association Ltd (SCAL) strongly urges contractors to place safety as their top priority. Concerted and urgent actions are needed by all industry stakeholders to improve workplace safety and health in the construction sector.

2. SCAL is launching an annual Construction Safety Promotion Month starting June 2016. As part of this campaign, a series of CEO Site Safety Awareness activities will be organised where CEOs of SCAL member companies will personally conduct site safety awareness activities at worksites under their charge. This is to send a strong message that construction safety starts with the top leadership of the company and not just driven by Safety Officers.

3. The campaign aims to reach out all employees particularly site supervisors and workers. Throughout the month of June, we urge all contractors to schedule at least a week of activities to promote worksite safety such as safety talks, educational videos, display of educational banners/slicks and sharing by safety champions. Top management should show support for the campaign to grace all these activities.

4. We seek your commitment to safety and participation in the Construction Safety Promotion Month. Kindly return the attached reply form to indicate your schedule of activities to be carried out during the month. We will appreciate your inputs by 8 June 2016.

5. Culminating the campaign will a SCAL Construction Safety, Health and Security Seminar to be held on 22 June 2016 at the Employment and Employability Institute (e2i). The event will be officiated by Guest-Of-Honour Mr Sam Tan, Minister of State, Prime Minister’s Office and Ministry of Manpower. Details of the seminar are as follows:
Date: 22 June 2016, Wednesday  
Time: 2.00 pm to 6.00 pm  
Venue: Employment and Employability Institute (e2i)  
80 Jurong East St 21  
Singapore 609607

Members are encouraged to attend the event as they will be informed of the latest developments in safety management systems and worksite safety practices. To register, please fill in the attached form and return it to us by 14 June 2016.

6. As industry stakeholders, we are responsible to ensure that all personnel place workplace safety and health as the top priority at all times at all their project sites. We look forward to your active involvement and participation in promoting safety at workplaces.

7. Thank you for your co-operation.

Yours faithfully

LAM KONG HONG  
Executive Director
