Welcome to CACF! Made in China, Your best choice

CACF will be the most professional trading platform for machinery & electricity, building industries in Thailand. There is where excellent enterprises gather and showcase their latest products and technology, including agricultural machinery & equipment, engineering machinery, motorcycles, automotives & parts and building ceramics. CACF will be built into a brand new platform for ASEAN trade visitors and enterprises in fields of economic cooperation, technology transfer, trade negotiation, import and export trade, and seeking product agents.

- Meet over 400 top manufacturers from China
- Make face-to-face connections with the business people who will help you execute your strategy
- Find out your best supplier from China
- Hundreds of high-quality items of the latest style
- Explore the 13-billion-population market with CACF and discover how your business can benefit from CACF.
- Ceramics handicraft and art auction

A Platform of Purchasing Premium Chinese Commodity
