The 3rd Green Building Masterplan Unveiled!

The International Green Building Conference (IGBC) 2013, to be held in Marina Bay Sands, will be the anchor event of the Singapore Green Building Week. IGBC 2013 is expected to attract more than 1,000 building professionals from over 30 countries - committed to understanding and putting into action real-world, tangible green building solutions. Policy-makers and key government officials from several growth markets, will give their unique public sector perspective on green building solutions, policies and plans. Academia will also share their latest research findings in green building fields.
