UNIVERSAL DESIGN CONFERENCE 2016
Universal Design in Public Places
Conference ● Exhibition ● Forum ● Building Tour

The Universal Design Conference 2016 is an anchor event for the Singapore Universal Design Week 2016. Themed "Universal Design in Public Places", the 1-Day conference aims to accelerate the adoption of UD concepts in the creation of inclusive and user-friendly public places. This requires considerations made on the needs of everyone, including the elderly, expectant mothers, parents with young children, families, and persons with disabilities.

Key Highlight
Mr Chin Chi Leong, Acting Deputy CEO (Building Control), BCA will deliver "Universal Design Implementation Strategy – Towards an Inclusive Built Environment" to share how BCA is gearing to improve inclusivity through new approaches and objectives to accelerate UD adoption in the building industry.

SMU-BCA-WDA Advanced Management Programme on
Productivity and Leadership Development
(7th Intake)

**Rethink ● Reinvent ● Regenerate**
A programme designed to drive for business excellence

This is a flagship programme designed to drive for business excellence – customised specially for the built environment industry:

- **built environment industry-specific** and features building & construction-related case studies
- emphasis on **practical approach** (no exam component, outcome based)
- 7-module programme: only **12 training days in total** (on Friday & Saturday from 9.00am to 5.00pm)
- equip participants/leaders with **diversified understanding of management and leadership skills** to drive organisation forward

**7th Intake: From 22 Jul – 24 Sep 2016**

**Venue:** SMU, School of Social Sciences Building, 90 Stamford Road

2-Day Course on
Certificate in Concrete Technology

The course is based on the new SS EN 206-1 and its compulsory standards SS 544-1 & 2. It gives interpretation of these standards and provides guidance to the production and conformity control of concrete. The course is a continuing education and training programme for engineers and supervisors who are involved in the concrete industry.

**CPD Points**
Peb: 11 PDUs
IES-ACES (for REs/RTOs): 12 STU (Structural)

**Date:** 18 & 19 Jul 2016
**Venue:** BCA Academy

To register, [CLICK HERE]!
2-Day Course on **Advanced Concrete Design using Eurocode 2**

Jointly organised by BCA Academy and Protective Technology Research Centre (PTRC) of Nanyang Technological University (NTU), this course covers the design of prestressed concrete structures, slender columns, strut and tie of concrete regions that do not conform to flexure, core walls, foundations, retaining walls, progressive collapse, as well as both prescriptive and performance-based design of fire resistance of concrete structures. In addition, the participants will be equipped with fundamental understanding of structural behaviours.

**CPD Points**
- PEB: Pending
- IES-ACES *(for REs/RTOs)*: Pending

7th Run Date: 2 & 3 Aug 2016  
Venue: BCA Academy

2-day course on **Design of Lightning Protection System**

- Featuring distinguished speaker from Australia - DR FRANCO D’ALESSANDRO
- One-off workshop not to be missed

This 2-day workshop covers the various aspects of lightning protection systems, including personnel safety, risk management, design approach and equipment, for buildings, structures and mission critical facilities. It aims to provide participants with a comprehensive understanding of the key principles and concepts of lightning protection, risks and mitigations.

**CPD Points**
- BOA-SIA: Pending
- PEB: Pending

**Event Date:** 3 & 4 Aug 2016  
**Venue:** BCA Academy

Programme series on Building Control requirements and processes - for new entrants to the building industry

As part of the efforts to familiarise the industry practitioners, especially the architectural and C&S engineering new entrants into the industry, a series of programmes on Building Control Act and Regulations have been launched. Through these courses, the participants will have a good understanding on the requirements involved in the planning, design, construction and implementation of a building development, which will facilitate smooth and efficient submission processes.

(A) 1-day Course on Understanding Building Control Regulations – Safe Structural Design

CPD Points: Pending
PEB: Pending
IES-ACES: Pending (Structural)

- 2nd Run: 31 Aug 2016
- Venue: BCA Academy

To register, CLICK HERE!

(B) 1/2-day Course on Understanding Building Control Regulations – Household and Storey Shelters

CPD Points: Pending
PEB: Pending
BOA-SIA: Pending
IES-ACES: Pending (Structural)

- 2nd Run: 8 Sep 2016
- Venue: BCA Academy

To register, CLICK HERE!
2 day Course on **Effective People Management for Construction Professionals**

The construction industry is one which requires various stakeholders to establish a collaborative working relationship. In addition to technical skills, built environment professionals are also expected to have good personal, communication and people management skills to effectively handle and manage the day-to-day activities.

This 2-day course aims to impart to the participant effective people management practices in managing complex changes and uncertainty in workplace. Through this course, participants will learn the strategies to build up proactive relationship, manage conflicts and achieve effective resolution in workplace. Case studies will be shared to enhance participants’ learning.

**CPD Points**  
PEB: Pending  
BOA-SIA: Pending

1st Run Date: 1 & 2 Sep 2016  
Venue: BCA Academy
