1- Day BCA-SPM Seminar on **Emerging Project Management Trends of this Decade**

This seminar aims to provide a learning and networking platform for industry professionals to discuss relevant current issues faced by project managers today.

**CPD Points**
- **PEB:** 7 PDUs
- **BOA-SIA:** 4 CPD Points
- **SPM:** 14 CPD Points
- **IES & ACES** (for REs & RTOs): Pending

**Date:** 3 Oct 2012

**Developing Your Business in INDIA**

*With special focus on India Construction Sector & Project Opportunities*

India is emerging as an attractive destination not only for investment but also for doing business in the recent years.

The Building and Construction Authority is organising a seminar on “Developing your Business in India”. Our seminars speakers will bring forth in-depth updates and mindshare with you the important and practical aspects of doing business in INDIA.

For enquiries and registration, please feel free to contact

**Mr. Subramaniyam @ Tel: 67304506**

Or **Email:** [subramaniyam_jekanathan@bca.gov.sg](mailto:subramaniyam_jekanathan@bca.gov.sg)

**Date:** 4 Oct 2012, 2.00pm – 5.00pm
4-Evening Certification Course for Site Investigation Supervisors

The Singapore Accreditation Council (SAC) of SPRING Singapore, with the support of Geotechnical Society of Singapore (GeoSS), Building and Construction Authority (BCA) and Land Transport Authority (LTA) is introducing an accreditation scheme for site investigation firms. As part of the accreditation requirements for site investigation firms, site investigation supervisors of the firms are required to undergo a training course on site investigation. Upon successfully completing the course, they can be registered as “Certified Site Investigation Supervisor” with GeoSS.

**CPD Points**
PEB: 13 PDUs  
WSH-CPD (for WSH officers): 13 SDUs  
IES & ACES (for REs & RTOs): 12 STUs

**Date:** 15, 16, 22 & 23 Oct 2012

Seminar on Recent Developments, Construction Challenges and Forensic Investigations of Geotechnical Works

This seminar, jointly organised by the Geotechnical Society of Singapore (GeoSS) and BCA Academy with the support of the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE), aims to share how geotechnical engineers overcame various challenges when working in complex projects and difficult soil conditions. The sharing of these experiences will translate into lessons learned and prepare engineers for future challenges especially when working in different parts of the world.

**CPD Points**
PEB: Pending  
WSH-CPD (for WSH officers) : Pending  
IES & ACES (for REs & RTOs): Pending

**Date:**  24 & 25 Oct 2012

2-Day Workshop on **Material Recycling for Sustainable Construction**

The course is designed to cover key areas that professionals will consider when adopting recycled materials, which include concept and approach, engineering consideration and application.

Engineers and builders can derive value and knowledge from the course through familiarisation with the selection and application of sustainable materials to prepare for the upcoming revised BCA Green Mark assessment criteria.

**CPD Points**
- PEB: Pending
- BOA-SIA: Pending

**Date:** 30 & 31 Oct 2012

**BCA-REDAS**

**QUALITY AND PRODUCTIVITY SEMINAR 2012**

Jointly organised by BCA and REDAS, this seminar aims to raise awareness of the latest productivity techniques and technology adoption among builders, developers and construction professionals to raise quality in industry. Concurrently, BCA will also be launching its first CONQUAS software application (App) for iPhone/iPad and will highlight the upcoming changes in CONQUAS 8th Edition.

The speakers will also share case studies and industry best practices to showcase the advantages of using latest technology and methods to achieve high levels of quality and productivity.

**CPD Points**
- PEB: Pending
- BOA-SIA: Pending

**Date:** 31 Oct 2012

Lecture Series on Build Smart Strategies
Creating Buildable Architecture

This lecture series, jointly organised by the BCA Academy and Singapore Institute of Architects (SIA), aim to address the challenges of achieving creative architectural designs which remain buildable. Architects and building system specialists will exchange ideas and share their best practices, as well as practical design considerations, in creating a buildable architecture. It presents an excellent opportunity for the building industry to gain insights on the application of discerning design strategies, the adoption of modular design, the use of prefabricated components and systems; and the use of precast in buildings.

In this 2nd lecture of the series, WOHA Architects and LWC Alliance will be sharing insights into The Hyde, Intercontinental Sanya Resort, SkyVille @ Dawson and School of the Arts

**CPD Points**
**BOA-SIA:** 3 CPD Points

**Date:** 7 Nov 2012
