ACES: Preparation Course for PPE Exam Part 2  
Practice of Professional Engineering - Civil

Date: 15 Oct (Sat), 12 Nov (Sat) & 26 Nov (Sat) (3 modules)
Duration: 9.00 am to 5.30 pm (8 hrs)
Venue: to be confirmed
CPD: to be confirmed

Course Synopsis

This course is designed to assist engineers to prepare for Practical Professional Exam in Civil Engineering. The syllabus of the exam is very wide; many engineers do not know how to prepare for the exam. This course uses a systemic approach to cover major topics.

This course has three modules and it will be helpful for candidates to attend all three modules, however, candidates may also attend individual modules to suit their work schedule. Work examples will be discussed during the course with illustration on how regulatory requirements shall be applied.

Trainer Profile

Er. Wong Pui Fun, Joanne is the Associate Director of Meinhardt Infrastructure Pte Ltd. She has more than 30 years of post-graduate practical experience in the construction industry. She has experiences in a wide range of building and infrastructure projects. She is well-versed with authorities’ requirements, rules and regulations and various code of practice.

She has been acting as Qualified Person Professional Engineer (Civil) for many iconic projects on behalf of project owners as well as contractors. She sits in various committees in IES and ACES. Joanne also conducts other training courses for Engineers. She is familiar with the PPE exam requirements.
