The Association of Consulting Engineers Singapore (ACES) has updated the Standard Conditions of Engagement for the provision of consulting engineering services in Singapore. When used by our members, these standard conditions provide the following benefits:

- Protection against onerous or unreasonable client behaviour where legal matters may arise
- A proactive position with your clients by having acceptable contract documentation at hand
- Conditions which are acceptable to consulting engineers without amendment

ACES has updated and refreshed the existing ACES contracts so that they are easy to use, and straightforward to execute. Following legal review by external counsel, we are inviting the lawyers to present for the Q&A Session.

A buffet dinner will be provided before the seminar as per the programme below:

Programme:
6:30 pm  Registration and Dinner
7:25 pm  Welcome Address by President of ACES
7:30 pm  Presentation on ACES Contract Refresh by Er. Andrew Henry
          Chair, Business & Professional Practice Committee
          Q&A Session
9:30 pm  End of Seminar

REGISTRATION FORM
[ACES Member: FOC; CIJC member: $40/pax; Non-member: $80/pax]
Email to: registration@aces.org.sg
