DESIGN WORKSHOP

Suntec Singapore Convention & Exhibition Centre,
Level 3 Meeting Room 330, 6 Nov 2014, 1.30pm-6.00pm

DESIGNING FOR PEOPLE WITH DEMENTIA conducted by Kirsty A. Bennett

This workshop will focus on the design of dementia-friendly facilities and evidence-based design principles. It is intended to provoke conversation and to share knowledge and expertise. Through the interactive session, participants will gain a new appreciation of what can be done to improve the care of a person with dementia through good design.

WORKSHOP TOPICS

- the role of the environment in the care of a person with dementia
- 10 evidence-based principles of designing for people with dementia
- case studies Australia: applying the principles in specific projects
- how to apply these principles to your environment, including the use of audit tools
- understanding the Singaporean context
- case studies Singapore: applying the principles in specific projects
