Presented by:
It is quite well known now that, in Singapore, the Eurocodes will replace the traditional British Standards as the structural design standard.

This talk aims to provide an overview of the Eurocodes and an elaboration of the fundamentals of the Head code SS EN 1990 (aka Eurocode 0): Basis of Design. Significant adjustments/difference between the two codes will also be highlighted.

Er. Dr. TAN Teng Hooi
BEng (Hons), MSc, PhD, CEng, PEng, FICE, FIES, ACPE

Dr. Tan Teng Hooi, is a Chartered Engineer and Professional Engineer. In his thirty over years of engineering career, he has worked in the academia where he lectures, conducts research, provides consultancy especially in the field of concrete and structural engineering, and as well as in the industry as a practitioner.

He has served in many technical committees on standards in SPRING Singapore relating to the construction industry; he is currently a member of SPRING, Singapore’s Technical Committee on Building Structure and Sub-structure wherein he also serves as a Convenor, on the adoption of Eurocode 0 and Eurocode 1 in Singapore and member of the workgroup for Eurocode 2.
