1 ½ Day Seminar on
Recent Developments, Construction Challenges and Forensic Investigations of Geotechnical Works

This seminar, jointly organised by the Geotechnical Society of Singapore (GeoSS) and BCA Academy, with the support of the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE), aims to share how geotechnical engineers overcame various challenges when working in complex projects and difficult soil conditions. The sharing of these experiences will translate into lessons learned and prepare engineers for future challenges especially when working in different parts of the world.

**CPD Points**
- **PEB**: 10 PDUs
- **WSH-CPD** (for WSH officers): 10 SDUs
- **IES & ACES** (for REs & RTOs): 4 STUs

**Date**: 24 & 25 Oct 2012

4-Day bizSAFE Level 4 Course on Workplace Safety and Health Management System

As part of WSH Council (WSHC)’s 5-level bizSAFE programme to assist Small and Medium Enterprises (SMEs) build up their WSH capabilities, this Level 4 course is meant for individuals who are appointed as WSH Management System Programme Lead and responsible for implementing WSH Management System in accordance with the SS 506 requirements.

**CPD Points**
- PEB: 28 PDUs
- WSH-CPD (for WSH officers): 28 SDUs
- IES-ACES (for REs & RTOs): 12 STUs

**Date:** 29, 30 Oct, 5 & 6 Nov 2012

**BCA-REDAS**

**QUALITY AND PRODUCTIVITY SEMINAR 2012**

Jointly organised by BCA and REDAS, this seminar aims to raise awareness of the latest productivity techniques and technology adoption among builders, developers and construction professionals to raise quality in industry. Concurrently, BCA will also be launching its first CONQUAS software application (App) for iPhone/iPad and will highlight the upcoming changes in CONQUAS 8th Edition.

The speakers will also share case studies and industry best practices to showcase the advantages of using latest technology and methods to achieve high levels of quality and productivity.

**CPD Points**
- PEB: 3 PDUs
- BOA-SIA : 4 CPD Points

**Date:** 31 Oct 2012

3 ½ Day Certification Course on Measurement & Verification of Central Chilled-Water Plant Efficiency

One of the pre-requisite requirements in Green Mark for New Non-Residential Buildings version 4, which came into effect on 1st December 2010, calls for the provision of permanent measuring instruments for measuring chilled-water plant thermal load and energy use and for calculating chilled water plant efficiency.

This course will equip participants with the knowledge and skills required to implement Measurement and Verification (M&V) measures in central chilled-water plants in conformance with Green Mark version 4 and the relevant international standards.

**CPD Points**
PEB: 20 PDUs

**Date:** 5, 6, 7 & 14 Nov 2012

Lecture Series on Build Smart Strategies Creating Buildable Architecture

This lecture series, jointly organised by the BCA Academy and Singapore Institute of Architects (SIA), aim to address the challenges of achieving creative architectural designs which remain buildable. Architects and building system specialists will exchange ideas and share their best practices, as well as practical design considerations, in creating a buildable architecture. It presents an excellent opportunity for the building industry to gain insights on the application of discerning design strategies, the adoption of modular design, the use of prefabricated components and systems; and the use of precast in buildings.

In this 2nd lecture of the series, WOHA Architects and LWC Alliance will be sharing insights into The Hyde, Intercontinental Sanya Resort, SkyVille @ Dawson and School of the Arts

**CPD Points**
BOA-SIA: 3 CPD Points

**Date:** 7 Nov 2012

Discounted fee available for SIA Members & BCA Young Leader
2-Day Conference @ BCA Academy
Engineering Days Asia 2012

The Engineering Days is a well-established conference in Europe and a platform for discussions between operating precast companies and technology leaders. The success of the Engineering Days in Vienna and the emerging precast market in the Far East lead us to host the Engineering Days for the first time in Asia.

Themed “Design the future, build on strengths”, the conference comprises lectures and workshops together with leading companies in the field of concrete precast technology; an exhibition of well-known suppliers in the fields of mechanical engineering, automation technology, CAD and ERP-systems; and a networking dinner.

For detailed information and registration, please refer to the congress homepage at www.engineeringdays.org.

Date: 22 & 23 Nov 2012

1-Day Course on Good Governance for Management Corporation

The increasing sophistication of property owners and their rising expectation for good governance in managing strata-titled developments could pose a daunting challenge to the management councils. It is important that members of the management councils of such developments are well-equipped with the knowledge of the regulatory framework and the related accounting and auditing requirements under the provisions of the Building Maintenance and Strata Management Act (BMSMA).

At the end of the course, participants will gain an insight into the regulatory framework, the roles and responsibilities of the stakeholders in strata developments, the procedure in conducting general and council meetings of the Management Corporation, the by-laws of Management Corporation and the accounting & auditing requirements that govern the managing of strata property developments.
