Part-time Certificate Course in

- Interior Finishing Co-ordination (IFC)
- Geotechnical Instrumentation for Supervisors (GIS)

BCA Academy offers supervisory training courses to prepare you to become competent supervisors that are highly sought after in Singapore’s rapidly growing building and construction industry. The curriculum is designed to strengthen your key competencies and organisational skills as a supervisor, while empowering you with essential knowledge of industry practices.

You can choose to specialise in your area of interest, such as Interior Finishing Co-ordination, Geotechnical Instrumentation for Supervisors and much more. Suitable for aspiring supervisors or professionals seeking to reinforce their core skills before gearing up for higher-level or management positions.

IFC Dates: 16 Sep 2013 – 26 Feb 2014

2-Day Course on BIM Planning (Building Developers and Facility Managers)

Building Information Modelling (BIM) allows the building professionals of various disciplines to explore the building project digitally, before it is built. BIM can help to bring about greater integration and collaboration among the developers, designers, builders and fabricators across the construction value chain.

Starting with architectural BIM e-submissions in 2013, BCA will mandate electronic submissions in BIM format for architectural, structural and M&E plans of building works for regulatory approval by 2015. This 2-Day BIM Planning Course is designed to address BIM uses and approaches for building developers and facility managers.

CPD Points
PEB: 14 PDUs
BOA-SIA: Pending

Date: 18 & 19 Sep 2013

1-day Workshop on Preparing and Defending Loss and Expense Claims

Even as the economies of the world recover from the recent economic crisis, many on-going projects run the risk of going into disputes, claims, delay and disruption. “Loss and Expense” claim is one of the cost claims that are likely to be encountered by contracting parties of a construction project.

At the end of the workshop, participants would:

- be equipped with the necessary knowledge to manage Loss and Expense claims;
- be able to recognize the “do’s and don’ts” in the claiming process;
- acquire knowledge of legal and technical aspects of claims from experts

Half-Day Course on
Green Mark Refresher Course

Since the launch of the BCA Green Mark Scheme in Jan 2005, several revisions were made to the Green Mark criteria. To ensure that the industry practitioners remain relevant and up-to-date, this half-day Green Mark Refresher Course is launched to keep industry practitioners abreast with the latest development and update of the Green Mark scheme and related initiatives.

Civil Defence Shelter Technical Seminar 2013
Design, Construction and Commissioning of Household and Storey Shelters

The Civil Defence Shelter Programme is part of the government’s plan to build up our Civil Defence (CD) preparedness. Building Construction Authority (BCA) and Singapore Civil Defence Force (SCDF) have been working together to continuously review the technical requirements of the planning and design of the CD Shelters.

This CD Shelter Technical Seminar aims to provide the industry practitioners with the latest update and to share knowledge on the design, construction and commissioning of Household Shelters (HS) and Storey Shelters (SS).

1-Day Course on **Good Governance for Management Corporation**

The increasing sophistication of property owners and their rising expectation for good governance in managing strata-titled developments could pose a daunting challenge to the management councils. It is important that members of the management councils of such developments are well-equipped with the knowledge of the regulatory framework and the related accounting and auditing requirements under the provisions of the Building Maintenance and Strata Management Act (BMSMA).

At the end of the course, participants will gain an insight into the regulatory framework, the roles and responsibilities of the stakeholders in strata developments, the procedure in conducting general and council meetings of the Management Corporation, the by-laws of Management Corporation and the accounting & auditing requirements that govern the managing of strata property developments.
