Civil Defence Shelter Technical Seminar 2013

Design, Construction and Commissioning of Household and Storey Shelters

The Civil Defence Shelter Programme is part of the government’s plan to build up our Civil Defence (CD) preparedness. Building Construction Authority (BCA) and Singapore Civil Defence Force (SCDF) have been working together to continuously review the technical requirements of the planning and design of the CD Shelters.

This CD Shelter Technical Seminar aims to provide the industry practitioners with the latest update and to share knowledge on the design, construction and commissioning of Household Shelters (HS) and Storey Shelters (SS).

Lecture Series on Build Smart Strategies
Creating Buildable Architecture

This lecture series, jointly organised by the BCA Academy and Singapore Institute of Architects (SIA), aim to address the challenges of achieving creative architectural designs which remain buildable. Architects and building system specialists will exchange ideas and share their best practices, as well as practical design considerations, in creating a buildable architecture. It presents an excellent opportunity for the building industry to gain insights on the application of discerning design strategies, the adoption of modular design, the use of prefabricated components and systems; and the use of precast in buildings.
