Graduate Certificate in Workplace Safety and Health

The Graduate Certificate in Workplace Safety and Health qualification is designed for individuals who are keen to join the Workplace Safety and Health profession as a WSH Auditor or WSH Advisors. In this programme, candidates will undergo high level training that will enable them to evaluate the effectiveness of WSH management systems and conduct systems audits.

This is a recognised qualification for the registration as a WSH Auditor with Ministry of Manpower.

3-Evening Workshop on
Site Management of Precast Concrete Construction

Good site management practices and planning of precast concrete construction activities would contribute to more efficient, less labour intensive and faster construction. This interactive workshop provides construction managers with practical knowledge in the planning, execution and control of precast concrete construction. At the end of the programme, participants will be able to plan and manage precast concrete construction site activities effectively.
