**Eisenhower Fellowships Conference**  
The Future Of Urban Living | 16-19 October 2013, Singapore & Iskandar, Malaysia

Dear Friend

I am pleased to draw your attention to the Eisenhower Fellowships Conference on “The Future of Urban Living”, jointly organised by our Centre and the Singapore Eisenhower Fellowships Society.

*Eisenhower Fellowship is a non-partisan, not-for-profit organization founded in 1953 as a birthday gift to President Dwight Eisenhower from a group of prominent U.S. business leaders. It brings together 40-50 mid-career professionals to the U.S. annually and sends 8-12 U.S. citizens or permanent legal residents overseas as Eisenhower USA Fellows. The generously sponsored program provides professional enrichment, leadership development and network expansion. Fellows have an opportunity to take time out from their occupations to meet leaders and senior experts in their field, enhance their leadership skills, and become part of a global network of Eisenhower Fellows, fostering international cooperation.*

*This gathering of Eisenhower Fellows and international thought leaders will aim to share and learn insights on redesigning future urban living and its challenges.*

As seats are limited, you can register and make payment at the event website at [http://ef-futureofurbanliving.org/](http://ef-futureofurbanliving.org/).

Thank you and we hope to see you.
Best Regards,
Khoo Teng Chye
