SCAL Environment Sustainability Conference 2016
“Think Green, Build Green”
20 October 2016 8:30am - 4:45pm
Guest-of-Honour: Dr Amy Khor
Senior Minister of State, Ministry of the Environment and Water Resources and Ministry of Health

Construction industry plays an essential role in the economic growth and development of nations. It is therefore important for building construction and operations to adopt green and sustainable practices as these activities can have great impacts on the environment, society and economy.

The Singapore Contractors Association and SCAL Academy with the support from Sphere Exhibits are pleased to organize a One-day Conference on Environment Sustainability with the theme, “Think Green, Build Green”. The conference, held concurrently with BuildTech Asia, will highlight topics from sustainable practices and solutions to efficient use of resources to achieve cost effectiveness and environmental benefits.

**Objective**
To Promote Awareness and Encourage Contractors and Industry Players to go for Sustainable Construction to Minimise Environment Impacts and Increase Economic Sustainability of Businesses.

**Target Audience**
All Construction Practitioners

**Topics**
- Green and Gracious Builder Scheme Version 2.1 by Ms Kathy Ong, Executive Manager, Quality & Certification Department, Building and Construction Authority
- Think Green, Build Green and Operate Green by Prof Lee Siew Eang, Associate Professor, Department of Building, National University of Singapore
- How Building Information Modelling (BIM) paves the way to Greener Buildings by Mr Pierre Megret, Managing Director, Green & Global Consulting
- Design Green with Green Mark 2015 by Mr Low Giau Leong, Senior Manager, Green Mark Department (New Development) Environmental Sustainability Group, Building and Construction Authority
- Waste Management at Construction Sites by Mr Seow Hong Ming, Manager, Waste and Resource Management Department, National Environment Agency

---
