MSO has been Set Up to Improve Service Delivery

The Municipal Services Office (MSO) was set up on 1 October as part of MND. MSO aims to improve the overall issues management and whole-of-government service delivery for municipal issues. MSO will be working with 8 key agencies – AVA, HDB, LTA, NEA, NParks, PA, PUB and SPF, to improve feedback management and customer service for such issues.

Private Member’s Bill on Animal Welfare Tabled in Parliament

The Private Member’s Bill on Animal Welfare recommends amendments to strengthen legislations and raise the standards of animal welfare in Singapore. It aims to shift the approach on animal welfare into a “responsive and preventative” mode, and promote animal welfare as a shared responsibility among all stakeholders.

BCA Engages the Younger Generation on Productivity

At this year’s Singapore Construction Productivity Week, BCA organised four competitions for students that were aimed at raising awareness on technological advancements in the built environment sector, and to engage the younger generation in the use of advanced productivity construction technologies.

Park Connector Network Appreciation Day

More than 70 users of the Park Connector Network (PCN) gathered at Lower Seletar Reservoir Park for the inaugural PCN Appreciation Day. Participants worked together to scrub the tracks to get rid of slippery algae, and pruned the bushes to keep the paths clear. It was a meaningful and fulfilling day for many of the participants.

URA Architectural Heritage Awards 2014

The URA Architectural Heritage Awards – in its 20th year now, recognise those who make conservation happen. This year, three projects received awards for their exceptional work in building conservation and restoration, namely Yueh Hai Ching Temple, J8 Hotel and a residential house at Neil Road.
