YOU ARE INVITED!

REDAS BIM Symposium 2018
Integrated Digital Delivery
Transforming The Built Environment For The Future
3-4 October 2018 • 9.00AM - 5.00PM • Marina Bay Sands
Registration Starts at 8.30AM

The REDAS Building Information Modeling (BIM) Symposium 2018 aims to encourage the industry to strengthen coordination and foster collaborative BIM by connecting all parties within the value chain through the digital information and technology capabilities. Since BCA has its Industry Transformation Map (ITM) focusing on Integrated Digital Delivery (IDD), this theme will be a timely focus to create awareness and prepare the industry to make the transformation.

The objective is to show a well-executed BIM strategy which involve all value chain partners can maximize profit and minimize cost, resolve conflicts before they happened and improve productivity, quality and safety which will impact the bottom line.

- Day 1 -
BIM Symposium
3 October 2018, 9.00AM - 5.00PM

REDAS Members: S$214.00
Non-Members: S$267.50
Group Registration of 5 Participants: S$192.60

*Please note that the above program is subject to change(s) without prior notice

08.30am - 09.00am  REGISTRATION

09.00am - 09.05am  WELCOME ADDRESS
Mr Augustine Tan
REDAS President

09.05am - 09.35am  INTEGRATED DIGITAL DELIVERY: A XYZ OVERVIEW
Mr Eugene Seah
Senior Director (Special Projects), GCEO's Office
Surbana Jurong Private Limited

09.35am - 10.05am  NORWAY CONSTRUCTION INDUSTRY FROM VDC TO IDD EXPERIENCE (TBC)

10.05am - 10.35am  MORNING BREAK

10.35am - 11.05am  PREPARING FOR IDD FROM THE CONSULTANT VIEW: STRATEGY AND OUTCOMES
Mr Phil Lazarus
Digital Practice Leader - Asia
Aurecon, Singapore

11.05am - 11.35am  FROM VDC TO IDD FROM A DEVELOPER'S PERSPECTIVE
Mr Richard Kuppusamy
Regional Digital Integration Manager
Asia, Lendlease

11.35am - 12.05pm  CASE STUDY - HDB'S BIM AND VDC JOURNEY FROM A PUBLIC SECTOR DEVELOPER'S PERSPECTIVE (TBC)
Mr Chong Shyh Hao
Deputy Director, HDB Building Research Institute
Housing and Development Board

12.05pm - 12.35pm  PANEL DISCUSSION (MORNING)
Moderator: Mr William Lau
Managing Director

12.35pm - 02.00pm  LUNCH

02.00pm - 02.30pm  FROM DESIGN TO FABRICATION TO CONSTRUCTION - CASE STUDY BY GREYFORM PTE LTD
Mr Ryan Lim
Greyform Pte Ltd

02.30pm - 03.00pm  CASE STUDY - HOW MCL LAND USES VDC TO BETTER MANAGE ITS PPVC PROJECT
Mr Rob Sanchez
Senior Manager, China Constructin (South Pacific) Pte Ltd
03.00pm - 03.30pm  TEA BREAK

03.30pm - 04.00pm  DIGITAL INNOVATION AS THE CORNERSTONE TOWARDS IDD (TBC)
Mr Tim Risbridger
Singapore Country Head
Arcadis

04.00pm - 04.30pm  COMPUTATIONAL DESIGN IN PRACTICE: MYTH OR REALITY?
Dr Patrick Janssen
Associate Professor, Department of Architecture
National University of Singapore

04.30pm - 05.00pm  PANEL DISCUSSION (AFTERNOON)
Moderator: Dr Evelyn Teo Ai Lin
Associate Professor, Department of Building, National University of Singapore & Co-Director of NUS Centre of Excellence in BIM Integration

05.00pm  END OF SYMPOSIUM

- Day 2-
BIM Masterclass (Workshop 1 & 2)
4 October 2018

REDAS Members: S$53.50
Non-Members: S$85.60

*Please note that the above program is subject to change(s) without prior notice

Workshop Synopsis
Two parallel tracks on Digital Delivery in Design and Construction and Business Intelligence using Smart Building Solution are available to guide participants to better understand how these techniques can be applied in your daily work to improve performance.

Workshop 1: Practical Approach to Digital Delivery in Design and Construction
The speaker will share how to leverage on current technology to move forward to meet Building & Construction Authority's Digital Transformation Roadmap with Integrated Digital Delivery (IDD). The topic will cover the implementation of IDD in both Design and Construction stages with some practical applications.
Workshop 2: How can Developers Benefit from Adopting a Smart Building Solutions (TBC)

Learn from business intelligent experts to better understand how a well-executed Smart Building solution can provide useful information to developers to better manage the facility management requirements. This will include improving energy consumption, security control, fire protection and even spotting interesting opportunities that may not be visible or problems that may not have happened. Case studies will be shared to guide participants to understand how to plan and implement such solutions to benefit the developers.
