Eligible applicant can tap on SkillsFuture initiatives for BCA Academy courses (T&C apply)

- **SkillsFuture Study Award** – up to $5,000 for out-of-pocket expenses
- **SkillsFuture Credit** - $500
- **Mid-Career Enhanced Subsidy** – up to 90% of course fee

Applicant needs to register for the course and apply for the relevant SkillsFuture initiative accordingly. Please click on the respective SkillsFuture initiative above for further details.
2-day Workshop on

BUILDING SERVICES AND THEIR COMMISSIONING

Building Services engineering brings a building to life, have a profound impact on different aspects of building performance such as end-user satisfaction, environmental impact, maintenance and utilities cost, as well as business continuity. In the modern built environment, clients require their projects to be delivered on time and within budget. Clients also want assets to be operationally-ready at handover, facilities that perform to suit their required function and buildings with high levels of performance over the long-term. A correctly executed commissioning process for Building Services is crucial to achieving these outcomes.

LECTURER
GLEN HAWKINS, Founder, Clear Construction, UK
Glenn is a degree-qualified engineer with extensive experience on major international construction projects. He has over 30 years’ experience of working with construction project teams. The work has involved delivering projects, studying projects, writing about project delivery and training project professionals. Glenn is also a qualified commissioning process provider. He also author of several high-quality publications on project management, commissioning management and performance improvement in the construction industry.

2-Day Workshop on **BMSMA for Building Management Personnel**

To meet the high expectations of home owners and residents, building management personnel need to be well equipped with the knowledge of the governing laws and related procedures for the management of estates. In addition, it is also important for them to acquire good interpersonal communication and people management skills to manage difficult and demanding clients in a positive way.

The course covers the essential procedures and laws related to estate management under the Building Maintenance & Strata Management Act (BMSMA); and provide an awareness and understanding of the crucial people management skills necessary for building management personnel.

2-Day Workshop on Practical Applications of WSH Legislations in Construction Projects through Case Studies

Statutory legislations such as Workplace Safety and Health Act (WSHA) and its subsidiary legislations are not usually easily and fully understood in terms of their intent, meaning and implications by industry practitioners - who either do not have legal background or only possess minimum legal knowledge.

This practical workshop, through interactive learning activities and real-life case studies & court cases, will provide participants a clear understanding and appreciation of legal responsibilities of construction and safety personnel under the WSH Act and regulations.

1 day Course on GREEN MARK FOR PARKS

To inspire, promote and provide public recognition for sustainable landscapes, the Building and Construction Authority and the National Parks Board jointly developed the Green Mark for Parks Certification scheme. This scheme provides quantitative standards and comprehensive assessment system to evaluate the sustainability of parks.

This course provides insight into the fundamentals and guiding principles of sustainable landscape design and construction, which underpin the Green Mark for Parks scheme. It aims to enable the participants to gain in-depth understanding of the requirements of Green Mark for Parks Certification scheme, including the various key indicators, measures and assessment criteria.
