1-Day Course on **Good Industry Practices**
- Waterproofing for External Walls
- Timber Flooring
- Painting
- Aluminium Window

To meet the rising expectation of the homeowners, the Quality Mark (QM) Scheme was launched in July 2002 to propel the industry workmanship standards to a greater height.

These “Good Industry Practices” courses aim to share with the industry the good practices in respective areas.

**To register for:**
- Waterproofing for External Walls on 8 Jan; [click here!](#)
- Timber Flooring on 22 Jan; [click here!](#)
- Painting on 19 Feb; [click here!](#)
- Aluminium Window on 26 Feb; [click here!](#)

13-evening Certification Course for **Green Mark Facilities Manager**

This course aims to equip Facilities Managers with the knowledge and skills to implement sustainable improvement measures and technology in existing buildings to reduce its energy consumption and environmental impact over its functional life-cycle.

**CPD Points**
- PEB: 39 PDUs
- BOA-SIA: 4 CPDs

**Date:** 15 Jan – 7 Mar 2013

1- Day Seminar by BCA-REDAS

**Built Environment and Property Prospects Seminar 2013**

*Formerly known as Construction and Property Prospects Seminar*

As one of the main engines of growth for Singapore’s economy, the construction and the real estate industry need to respond and adapt quickly to changes in the ever-changing economic and business environments.

Against a headwind of challenging global economy and outlook, what lies ahead for the various property markets? What will be the key opportunities, challenges and prospects for the built environment and property sectors in Singapore and the region in the coming years? These pertinent questions would be addressed by renowned speakers at this seminar.

**CPD Points**

BOA-SIA: 2 CPD Points  
PEB: 4 PDUs  
SISV: pending  
SPM: pending

Date: 16 January 2013

1-Day Course on **Contract Drafting – The Technicalities and Legalities**

Contract drafting is both an art and science. Merely referring to templates or specimens without having the technical skills and legal knowledge to address the specific needs of a particular project could result in disastrous consequences.

This workshop endeavours to provide a proper training platform for construction professionals and practitioners in the field of contract drafting by imparting the necessary technical skills and requisite legal knowledge. At the end of the workshop, the participants would be able to identify common loopholes and pitfalls in contract drafting, address critical clauses in the conditions of contract and draft contractual letters, documents and submittals.

Date: 21 Jan 2013

2-Day course on **Develop A Risk Management Implementation Plan**
(bizSAFE Level 2)

Workplace Safety and Health (Risk Management) Regulations took effect from 1 Sep 2006. In this new framework of occupational safety and health, stakeholders such as employers, self-employed persons and principals have the responsibility of identifying safety and health hazards at the workplace and taking appropriate actions to eliminate the hazards or mitigate the risks associated with the hazards. **Risk assessment and management is the key to reduce the risks at source.**

Participant who attends this course will have an in-depth understanding and knowledge on the concepts and methodologies of risk assessment and management. This course will also provide hands-on experience in the risk assessment for construction activities and development of risk management implementation plan.

**CPD Points**
- PEB: Pending
- IES & ACES (for REs & RTOs): Pending
- WSH-CPD (for WSH Officers): Pending

**Date:** 24 & 25 Jan 2013

2-day Workshop on **Design of Concrete Structures - Eurocodes versus British Standards**

*To prepare local structural engineering practitioners for the adoption of the Eurocodes in the design of reinforced concrete building structures,* this 2-day workshop will approach the design of concrete building structures using Eurocodes in a comparison with BS 8110, which has been a familiar code of practice in Singapore. The workshop will contain lectures as well as hands-on tutorial sessions to provide participants with practical design experience.

This workshop is jointly organised by BCA Academy and Protective Technology Research Centre of Nanyang Technological University.

**CPD Points**
- PEB: Pending
- IES & ACES (for REs & RTOs): Pending

**Date:** 4 & 5 Feb 2013
