Travel Smart Day
The Land Transport Authority (LTA) and the Ministry of Education (MOE) organised Travel Smart Day on 13 August 2013 to engage families in Singapore in understanding the travel needs of their employees and providing insights on measures that can be implemented to influence travel behaviour change.

The event was held at the Land Transport Gallery in Woodlands, where families were able to participate in activities such as guided tours, engaging exhibitions, and discussions. The exhibition included the annual Road Safety Festival Experience, a broad perspective and information was provided on how the integration between various transport modes can be enhanced for better mobility of Singapore's residents.

Student leaders from North Spring Primary School also participated in the event, equipped to conduct their classes at the Land Transport Gallery so that they will be better equipped to understand the contents within the gallery and produce a video to help teachers in engaging students in discussions and more related activities were added.

A feedback from Mrs Josephine Ng of Kita Nihon Construction Material Leasing Co Ltd said: “Thanks for the seminar. It was very interesting indeed. The presentation was very informative. One of the best!”

Feedback from Lively presentation on Singapore’s Past, Present, Future: “Very informative. One of the best!”

Special Libraries Sharing Session
On 26 July, LTA Library organised the inaugural sharing session with the National Library Board (NLB) and National Library Board (NLB) to share interesting articles, papers or initiatives present the efforts in knowledge management, provide networking opportunities, and foster future collaboration amongst the specialised libraries.

Lively presentation on Singapore’s Past, Present, Future: “It was useful to know about the history of sustainable transport in Singapore and how LTA has developed it into the present. The presentation was very informative.”

North Zone National Education Learning Experience
The North Zone National Education Learning Experience was extended to the Zonal Citizenship Education (CCE) Learning Festival on 14 September 2013. The North 4 Cluster engaged the visitors on various aspects of Singapore’s history and culture, and produced a video to help teachers in engaging students in discussions and more related activities were added. The event served as an effective means to encourage students to learn about Singapore’s heritage and culture and foster a sense of citizenship amongst the participants.

The invitation to the NZ NE Learning Experience was sent to all schools in the North Zone, and the event was well-received by the students and teachers who participated.

Children’s Season
On 28 September, LTA Library organised the inaugural sharing session with the National Library Board (NLB) and National Library Board (NLB) to share interesting articles, papers or initiatives present the efforts in knowledge management, provide networking opportunities, and foster future collaboration amongst the specialised libraries.

North Zone National Education Learning Experience: “It was useful to know about the history of sustainable transport in Singapore and how LTA has developed it into the present. The presentation was very informative.”

Special Libraries Sharing Session:
“We found it very helpful to hear about the work of other libraries in Singapore and how they are managing their resources. The sharing was very informative and inspiring.”

Underground Infrastructures ~ Challenges & Solutions
The Workshop on Sustainable Urban Transport Planning & Management was held from 13th to 23rd August 2013. Apart from the participating organisations, representatives from organisations like Mekong Region, as well as industry experts like A/P Lui Chuen Amberg (Author: Hana Nasuha) and Mr Joseph Yee Menon (Author: May Wong) said that it was useful to know about the history of sustainable transport in Singapore and how LTA has developed it into the present. The presentation was very informative.
