PROGRAMMES HIGHLIGHT

The Specialist Diploma Programmes are designed to provide participants with the opportunities to upgrade their knowledge to meet the ever-changing demands of the building and construction industry. Suitable for professionals and industry practitioners, the course curriculum is geared towards high-level specialised knowledge and skill sets needed in today’s increasingly complex built environment.

With the industry-oriented curriculums, these programmes will engage you in real-world training that enhances your work experience and knowledge, while enabling you to gain in-depth insight and skills in your area of specialisation.

Course Date: Starting in January / February 2017
Application Close: 31 October 2016

SkillsFuture Study Award of up to $5,000 is available for eligible candidate

Up to 90% WTV Funding is available (T&Cs apply)
