PEOPLE AT THE HEART OF DIGITAL RAILWAYS

The third edition of SITCE will be held 9-11 July 2018, at Sands Expo and Convention Centre, Singapore and focuses on digital railways. It will host a dedicated international congress and exhibition on urban rail transport technologies, planning, systems and solutions.

CONGRESS: CALL FOR PAPERS NOW OPEN

You are invited to submit your recent papers related to the following topics below.

Topics:

- Better railway design and operations and maintenance
- Impact of digitalisation on human resources
- Customer care and relationship management
- Changing governance, organisations and relationships
- Cyber security, safety and resilience

Abstract Submission Deadline by 30 Nov 2017

Please refer to website for details on Abstract Submission
EXHIBITION: WHY SHOULD YOU EXHIBIT?

- Showcase your latest innovative solutions to the rail community, transport authorities, transport and urban planners, consultants, contractors and many others.
- Generate business leads and reach out to buyers and decision makers from the region
- Expand your business contacts through various networking opportunities with the urban transport industry
