4-Evening Course on Supervision of Piling Works for Engineers and Supervisory Personnel

Various challenges are present in pile foundation works due to the uncertainties and variability of the ground conditions. Once the piles are installed, they are expected to function throughout their lives. During the lifetime of the building, the foundation is rarely inspected for its continued structural integrity and stability. Supervision of piling works for building foundation is therefore essential and critical in ensuring the quality of construction works and safety of building structures.

This short course imparts to participants the essential knowledge of good construction practices, supervision of piling works, regulatory requirements and testing of pile foundation works.

National Building Qualification (NBQ) in
 Project Supervision (PS)
 Supervision & Coordination of M&E Works (SCMEW)
 Green Building Operation & Maintenance (GBOM)

The National Building Qualification (NBQ) is a three-tier certification system designed and developed by the BCA Academy for site personnel and new entrants to the industry. The NBQ certification provides an alternative path for persons with secondary school education to pursue a higher education in technical fields, such as Diploma programmes.

Graduates of Advanced NBQ are recognised by BCA as technical personnel in the Contractors Registry System.

Date: Tentatively Starting in mid Mar 2014

To register,
• NBQ in PS; CLICK HERE!
• NBQ in SCMEW; CLICK HERE!
• NBQ in GBOM; CLICK HERE!

Registration Closing Date: Mid Feb 2014

3-Year Part-time Diploma in
 Electrical Engineering & Clean Energy (EECE)
 Strategic Facilities Management (SFM)
 Geo-Spatial Information & Technology (GSIT)
 Construction Engineering (CE)

As part of the efforts to build up the capability and knowledge of the workforce to meet the diverse needs of the built environment, BCA Academy, the education and research arm of Building and Construction Authority (BCA), offers multi-discipline part-time Diploma programmes for working professionals to pursue its continuous upgrading.

Date: Tentatively Starting in Apr 2014
