Dear Sir/Mdm

IMPLEMENTATION OF SS 489:2015 – SINGAPORE STANDARD FOR SPECIFICATION FOR FIRE SHUTTERS

The SS 489:2015 – Singapore Standard for specification for fire shutters was officially launched by SPRING on 4 May 2015. This standard specifies requirements and testing methods to assess the fire resistance of the shutter required to protect openings in walls to resist passage of fire. This standard applies to fire resistant vertical roller shutters, lateral shutters, horizontal roller shutters and folding sliding shutters.

2. Please be informed that the standard shall be applicable to all building plans that are submitted to SCDF for approval from 15 Nov 2017 onwards. The grace period given is for roller shutter suppliers to test and list their products with the approved certification bodies.

3. Please convey the contents of this circular to members of your Board/Institution/Association. This circular is also available in CORENET-e-Info: http://www.corenet.gov.sg/einfo. For any clarification, please contact LTC Choh Choon Jin at DID: 68481454 or Email: Choh_Choon_jin@scdf.gov.sg.
Yours faithfully
