Invitation to attend Industrial consultation on Minimum Energy Efficiency Standards (MEES) for water-cooled chilled water systems

Improving energy efficiency (EE) is a key strategy for Singapore to reduce carbon emissions, and helps improve economic competitiveness through lower business costs as well as enhances our energy security. Chilled water system is one of the energy guzzlers in the industrial facilities. From the performance of the chilled water systems reported by industrial companies, majority of the systems were operating at sub-optimal levels. Hence, in order to improve EE of the chilled water systems, NEA will be introducing minimum energy efficiency standards (MEES) for water-cooled chilled water systems.

As our major stakeholders, your opinions are valuable to us in developing the detailed requirements of this policy. Thus, we would like to invite you to a consultation session, during which we will share with you the proposed requirements and for you to provide us with your feedback on the requirements and suggestions to fine-tune the policy.

The details of the consultation are:

- **Date:** 23 November 2018
- **Time:** 1400 – 1600
- **Venue:** Singapore Sustainability Academy, Skypark Level 6, City Square Mall, 180 Kitchener Road, Singapore 208539

We seek your assistance to send the invitation to the members of your association. Please kindly inform them the following:

- Please register for the session [here](#).
- If you are unable to attend the session but are interested to attend a make-up session, please indicate as such in the registration form. We will then try to arrange a separate session for you.

Thanks and regards,

Chen Yuqing • Engineer • Resource Conservation Department • National Environment Agency • DID: +65 6731 9485 • Email: [chen_yuqing@nea.gov.sg](mailto:chen_yuqing@nea.gov.sg)
