Construction industries in Singapore are highly regulated especially in relation to safety health and environment. It is therefore very essential that the key stakeholders including site supervisors (REs & RTOs) in the engineering building construction (ECB) industries are equipped and acquainted with up-to-date knowledge of the legal aspects of Workplace Safety, Health and Environment and are fully aware and conscious of their legal responsibilities and liabilities in order to carry out their work & duties diligently, carefully and effectively. This particular module will provide participants with an up-to-date essential knowledge of Singapore’s laws and regulations on site safety, health & environmental requirements relevant to the EBC industries and the legal responsibilities and possible of site supervisors.

### Legal Aspects of Workplace Safety, Health & Environment in Site Supervision (11th Run)

### CERTIFIED QM/CONQUAS MANAGERS COURSE

Construction Quality Assessment System (CONQUAS) is a voluntary scheme developed by BCA in conjunction with the major public sector agencies and various industry professional bodies to measure quality level achieved in a completed project. As part of the requirements for the Certified QM/CONQUAS Manager schemes which accord recognition to construction personnel who are instrumental in ensuring and delivering high quality projects as reflected in high CONQUAS score projects, the Certified QM/CONQUAS Managers...
course provides necessary knowledge to enable the participants to effectively implement Quality Management System (QMS) and achieve better Quality Mark (QM)/CONQUAS score.

### Building and Construction Authority

**Venue**
BCA Academy, 200 Braddell Road, Singapore 579700

**Date and Time**
18 Jan 2017 to 20 Jan 2017
0900 to 1730
Duration: 3 days (21 hours)
Fee (incl of GST): S$850.00*

**Contact Details**
- Contact Person: Customer Service Officer

- Phone: 6248 9999
- Fax: 6258 0558

**PRACTICAL APPLICATIONS OF WSH LEGISLATIONS IN CONSTRUCTION PROJECTS THROUGH CASE STUDIES**

Statutory legislations such as Workplace Safety and Health Act (WSHA) and its subsidiary legislations are prepared by legal professionals. The structure of the legislation as well as various terms used in the legislation are not usually easily and fully understood in terms of their intent, meaning and implications by industry practitioners who either do not have legal background or only possess minimum legal knowledge. It is important that construction/project managers, supervisors and WSH personnel are educated with the better understanding of legal terms, implications of the WSH legislations, responsibilities of stakeholders, liabilities and penalties for non-compliances with respect to managing construction projects.

**Venue**
BCA Academy, 200 Braddell Road, Singapore 579700

**Date and Time**
19 Jan 2017 to 20 Jan 2017
0900 to 1730
Fee (incl of GST): S$600.00

**Contact Details**
- Contact Person: Customer Service Officer
- Email: bca_academy@bca.gov.sg
- Phone: 6248 9999
- Fax: 6258 0558

**CERTIFICATION COURSE FOR GREEN MARK FACILITIES MANAGER (GMFM)**

The aim of the Certification Course for Green Facilities Manager is to equip participants with the knowledge and skills to improve and implement sustainable measures and technologies in an existing building. Participants will learn how a building's energy consumption and environmental impacts can be minimised during the building life time, and to conduct Green Mark Assessment for existing building and office interior.

**Venue**
BCA Academy, 200 Braddell Road, Singapore 579700

**Date and Time**
7 Feb 2017 to 1 Mar 2017
0900 to 1830
Fee (incl of GST): S$1,220.00 / S$976.00* * For existing GMM or SCEM certificate holders.
Time: 9.00am to 6.30pm (Day class) + 8.30am to 1.00pm (Assessment)

Course on Risk Management Update with New Code of Practice 27th Run

While many industries have caught on to the new approach to reducing accidents and improving safety at the workplace through risk management, confusion persists in certain quarters on the scope of risk management, and the methodology for proper risk assessment and control. To guide the practitioners and broaden the...
coverage of the Act to all sectors, the course aims to review the procedures and recent changes to the Code of Practice.
