## SEMINARS FOR THE CONSTRUCTION INDUSTRY

### 1. ConSASS Seminar: Overview and Application in the Construction Sector

With the support of the Workplace Safety & Health Council (WSHC) Construction & Landscaping Committee, SCAL ACADEMY will be organizing a seminar on the Construction Safety Audit Scoring System (ConSASS). The purpose of the seminar is to provide an overview on ConSASS and its application. Companies who have their WSH Management System audited using ConSASS will also be sharing their experiences including the preparation of the audit. This seminar is catered for the construction industry.

Date : 9 October 2008

Time : 2.00 pm to 4.30 pm

Venue : Construction House, No 1, Bukit Merah Lane 2, Singapore 159760

For more information and registration, please contact Ms Elynda or at 6278 9577 or click [here](#).

### 2. Seminar on Blast Resistance Technology for Buildings

The seminar will introduce to structural engineers, architects, owners and contractors to high explosive loads from accidental and terrorist explosions and explosions effects from vapour clouds. Discussion on the structural behaviour and response to conventional structures when subjected to such extreme loads. Latest technologies and tools from research and development, references for blast resistant design including the US Army Technical Manual TM5-1300, design procedure and software used for the analysis and design. To look at some of the strengthening method used successfully locally and overseas.

Date: 10 Oct 2008 (Friday)

Time: 8am to 6pm

Venue: Carlton Hall, York Hotel, 21 Mount Elizabeth

For more information and registration, please contact Association of Consulting Engineers Singapore at tel: 63242682 or email: [acesing@starhub.net.sg](mailto:acesing@starhub.net.sg)
